The striped bags are made out of Woven Recycled PP yarn & is 100% recycled & 100% Recyclable. This can be Embroidered , also printed the print will not be very fast too rigorous rubbing.

Recycled Polypropylene Bags .

The bags are made from Recycled PP Woven Tape , The Tapes are again weaved & made into Bags & Pouches . This are 100% recycled .

Recycled Woolen Bags .

This are made by using recycled woolen blend fabric , made out of used winter garments, which are shredded to fibers & Spun & woven into blankets Which are cut & stitched into Bags . We use Faux Leather as Trims & handles

Recycled Cotton Bags .

Old Cotton Garments get a second chance when they are shredded back into fibers & then those fibers are handspun into Yarn by elderly women in villages , which is then hand-woven into fabrics .Recycled Khadi can be dyed in any earthen colors ,

Gives added income to marginalized Elderly women & households from Villages in Uttar Pradesh , who handspun recycled cotton fibers into yarns & handweave into fabrics

We add Faux leather handles & trims

Recycled Indian Saree Bags (Chindi)

Old Vintage Indian Sarees
(a Indian garment consists of a drape varying from 4.5 to 8 meters)
Get a chance of another life , as a gorgeous colorful fashion accessory .

Our person collects the most beautiful sarees from all over Delhi. They do that by means of a very old barter system. Indian women trade their sarees for kitchen utensils like pots & pans. Our factory then cuts the most beautiful pieces from the sarees into stripes (chindi) and they are hand-woven as weft into fabrics , which are then stitched in our factory into gorgeous bags, pouches , cushions , rugs etc
