BLENDERS

DNA SUPER BLENDER

3HP High Performance 2L Blender

The DNA Super Blender with Commercial Grade 3HP Motor is a high performance blender that outperforms any traditional blender by producing smoother results in shorter time periods with the ability to crush ice and frozen fruit, blend nuts into nut butter and make hot soups without comprising its heat-resistant 2L Jug.

If you are tired of traditional blenders that suffer with tough ingredients and limit your creativity, because of being overburdened when crushing ice and frozen fruit, high fibre ingredients like dates, nuts and seeds and therefore won't allow you to make nut butters, high fibre smoothies, shakes and hot soups, then the DNA Super Blender is the ideal blender for you.

SPECIFICATIONS

USE	Domestic, Light Commercial
POWER	1500 Watt
SPEED	40 000 RPM
JUG CAPACITY	2 L
COLOUR	Black
DIMENSIONS	340 x 270 x 352 mm
WEIGHT	5.5 Kg
VOLTAGE	AC 220V, 50-60Hz
WARRANTY	Motor: 3 Years, Parts: 1 Year

DNA COMMERCIAL BLENDER

3HP Commercial Blender with Sound Enclosure

The DNA Commercial Blender with 3HP Motor and Sound-Enclosure, promises to outperform any traditional blender by producing smoother results in shorter time periods with the ability to crush ice and frozen fruit, blend nuts into nut butter and make hot soups without comprising its heat-resistant 1.8L Jug. It is the perfect choice for Commercial Environments requiring a silent but powerful Blender at front-of house.

Trust the DNA Commercial Blender to be your best investment your Smoothie-Bar or Restaurant ever made.

SPECIFICATIONS

USE	Commercial
POWER	1680 - 2800 Watt
SPEED	30 000 RPM

CARBONATORS

DNA SPARKLER

Metal Beverage Carbonator

The DNA Sparkler is a one-of-a-kind Sparkling Water and Beverage Carbonator. With its modern design and premium finish, the DNA Sparkler will sit perfectly in your kitchen, allowing you to carbonate any beverage in style. Get creative and carbonate your own beverages, from making soda water, fruit infusions, juices, hard and soft seltzers, cordials, cocktails, mocktails, and more. Alternatively, you can simply recarbonate a ‘flat’ soda with the easy-to-use carbonator. The Smart Injector Nozzle maximizes the infusion of CO2 into the bottle, preventing the loss of fizz and enhancing the taste of every beverage. The DNA Sparkler is compatible with all major brands of 60L CO2 cylinders.

SPECIFICATIONS

ACCESSORIES

DNA OIL SPRAYER

Dual Mode – Stream or Mist

The DNA Oil Sprayer is a stainless steel oil sprayer for everyday cooking which allows you to control the oil usage in foods. It is specifically useful when cooking in an air fryer, because it forms a protective layer that protects the food ends from burning.

SPECIFICATIONS

BODY MATERIAL	Stainless Steel
BOTTLE CAPACITY	100 ml
COLOUR	Silver
DIMENSIONS	45 x 45 x 186 cm
WEIGHT	200 g
MODES	Dual or Stream

DNA SILICONE BASKET

Easy to Clean and Reduces Oil

The DNA Silicone Air Fryer Basket is the perfect air fryer accessory for your air fryer. It's convenient, cleans easily, is BPA-free, and is durable. It is made from soft, flexible food-grade silicone, which is resistant to extreme temperatures from -40°C to 230°C and therefore dishwasher, air fryer, oven and microwave safe. The breakthrough design with Ribs positioned at a 45° angle, staggered rows and raised centre ensures that fat and oil effectively drain during cooking, while the ergonomic design allows equal heat distribution for even cooking.

SPECIFICATIONS

USE IN	DNA Air Fryer Range
MATERIAL	Food Grade BPA Free Silicone
COLOUR	Grey
WEIGHT	400 g
DIMENSIONS	70 x 205 x 205 mm
