Intro

Minky is the fastest growing premium brand in the UK homeware market.

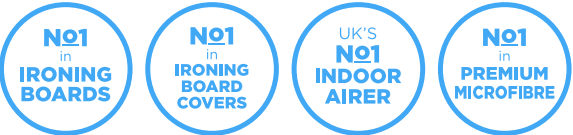

Established in the UK in 1941, Minky Homecare are world leaders in laundry hardware and textile manufacture.

Minky is the UK's number one brand in the laundry and cleaning market, with Minky products found in over 70% of UK homes. Our premium quality ranges are uniquely designed to deliver the best possible in use performance and many include

exclusive patented features. A constant stream of product innovation from our dedicated in-house product design team drives market growth and reinforces our leadership in the market.

Minky also leads the category on Social Media with hundreds of thousands of loyal followers. Communication with our consumers is extremely important to us and we have a higher Social Media following than all of our UK competitors combined.

We have a strong reputation with our customers and supply major retailers throughout the world with a wide range of high quality branded products, as well as supplying a selection of retailers under their own brand.

Ironing Boards

Ironing Boards

Minky has the most advanced ironing board manufacturing unit in the world – based in the UK.

We manufacture a wide variety of sizes and styles of ironing boards with unique features to meet the needs of a broad range of consumers. Minky ironing boards are designed and manufactured to a consistent high standard and feature the Minky universal height mechanism. We hold various quality accreditations such as ISO 9001 and BRC whilst only using high quality CR4 grade steel. All boards are coated with an anti-rust protection and durable powder coated finish.

Our best selling innovative boards are the Minky Ergo range and the Hot Spot Pro with its 'Hot Spot' multi-positional silicone rest. We have a continual stream of new product innovation including a cleverly designed Steam Generator ironing board with a unique cover and underlay and our new Velocity board featuring PearlActiv technology.

Ironing Board Covers

Minky ironing board replacement covers are manufactured in the UK in our state of the art textile conversion unit, which guarantees consistently high quality production and long lasting product performance. We manufacture a full range of sizes and styles to fit the many different shapes of ironing boards available throughout the world. Minky Design Collection covers are refreshed each season to reflect the latest design trends.

Our best selling ranges are the Minky Smart Fit, which fits all standard sized boards and Minky Deluxe, which features a nose pocket and extra thick felt backing for a perfect fit - both of which are also available with a metallic reflector surface for faster ironing results.

mCLOTH[®]
ANTI-BACTERIAL
CLEANING

The UK's number 1 premium microfibre brand

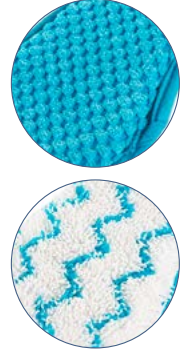

The Minky Mcloth® premium microfibre range includes a selection of specialised cleaning cloths and pads, all engineered for exceptional cleaning effectiveness. Thanks to their high-density microfibre design, these products deliver far better performance than standard microfibre options. The microscopic fibres make superior contact with surfaces, enhancing the removal and absorption of dirt and moisture without the need of chemicals. Furthermore, each cloth and pad are treated with an anti-bacterial formulation to inhibit bacterial growth, ensuring long-lasting freshness.

- Triple Action
