

THE BRON MANDOLIN

BY LOUIS TELLIER

The Bron original

In 1946, Jean BRON created the 1st steel hand-held vegetable cutter, called the "MANDOLIN".

Updated and perfected over seven decades, the BRON Professional Mandolin is an essential utensil for all great kitchens.

Entirely made of stainless steel with 2 built-in slicers, with a straight and a wavy blade, no accessories required to:

- Slice lengthways and across (0.5 to 10 mm thick/ cutting width 100 mm)
- Wavy slices
- Wafers and crisps
- Juliennes
- Angel hair
- Matchstick potatoes, French-fries and chips

- Universal hand-protector
Ref. 10201

- Protective holder
Ref. 30300

Always ready to use

Very stable thanks to its support hooks

Fixed slicers. Wavy slicer for waffle cuts

Entirely made of stainless steel, hardened blade specially **sharpened in Thiers**

4 non-slip feet for perfect stability

Adjustable slicing thickness

BRON PROFESSIONAL MANDOLIN | 20638B

- 2 built-in comb-cutters 3 and 10 mm (julienne and sticks)
- Weight 1.8 Kg (3.97 lb)

- Adjustable slice thickness (straight and wavy)
- 4 interchangeable slicers
- Hand-protector

Louis Tellier has drawn on a wealth of expertise to design two new Compact-Pro mandolins, the perfect combination of:

- High output and various cutting thicknesses (from 0.5 to 10 mm)
- Cutting width (95 mm)
- Durable and hygienic (stainless steel plate)
- BRON cutting height adjustment system (cam shaft)
- Safe to use with its ergonomic patented hand-protector

- Diagonal, honeycombed blade to stop vegetables sticking to it (made in THIERS)
- Exceptional cutting quality (blade and comb-cutters)
- Light, just 0.8 Kg (1.54 lb), easy to use and very compact (easy storage)
- Transparent hand-protector so that you can see the food as you cut it

- Non-slip base
- 2 comb-cutters (4 and 10 mm)
- 1 hand-protector

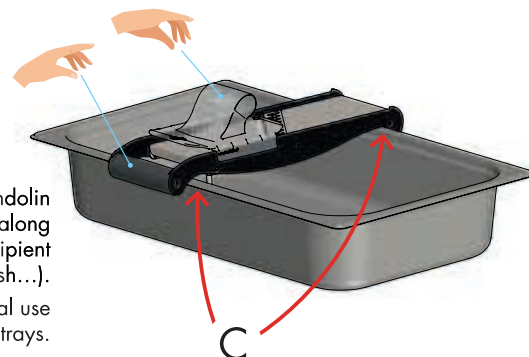

- Comb-cutter 1 mm - Ref. BCPE-1
- Comb-cutter 2 mm - Ref. BCPE-2
- Comb-cutter 4 mm - Ref. BCPE-4
- Comb-cutter 7 mm - Ref. BCPE-7
- Comb-cutter 10 mm - Ref. BCPE-10

AVAILABLE -
INDIVIDUALLY

The Compact-Pro basalt/stainless steel mandolin has a profiled shape (C) so that it can slide along one or both sides of a recipient (mixing or salad bowl, dish...).

It is ideal for horizontal use
on GN1:1 or 1:2 trays.

- Folding, removable stand
- Non-slip
- 2 comb-cutters (4 and 10 mm)
- 1 hand-protector
