DIRECTORY

Orion Elements is our coloured crockery collection which not only offers excellent durability and longevity, it also adds a splash of rusticity to your food-serving setting.

Available in four colours: Slate Grey, Sun Burst, Sandstorm and Ocean Mist, representing key natural elements of the Universe.

Each individual piece is hand decorated which gives them their own unique characteristics, as no-one piece is ever the same. The range allows chefs to become creative and work with freedom, using each colour and piece to its full potential.
