sabichi®

Sabichi Homewares is a leading homewares brand that has been inspiring homemakers since 1994. We pride ourselves in the service we provide to our trade partners no matter how big or small. We believe in making products that are convenient, reliable and long lasting. Our team have been committed to discovering ranges that are fresh and modern and sure to be kind to your customers pockets.

The majority of our dinnerware is individually barcoded to allow customers to sell as singles.

If this barcode icon is not shown next to a product description, the item is not individually barcoded.

We take care to ensure colours in this catalogue are accurate although slight variations may occur. All sizes stated are approximate.
