

UMBRA PRASIA
Company Profile

THE COMPANY

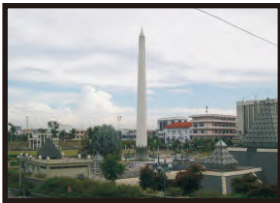

PT. UMBRA PRASIA was established on October, 1994 in Sidoarjo (approximately 15 km from Surabaya city) and only 5 km from Juanda International airport of Surabaya. The needs and demands of domestics and international markets paved the way for rapid development of this company as one of glass tableware producers in Indonesia.

The company is constantly using the latest technology, also supported by its well-trained manpower, to produce the best required quality standards and services to suit the needs of the customers.

Surabaya city is closely associated with the revolution of independence of the Republic of Indonesia. Since the Dutch and Japanese colonialism, the people of Surabaya (Arek Suroboyo) all-out battle to win independence.

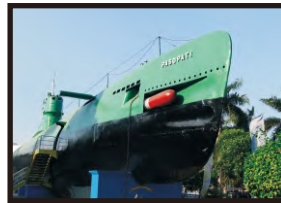

Surabaya and its surrounding areas are also popular tourist destinations such as tugu pahlawan, jalan tunjungan (hotel oranye mandarin), monumen kapal selam, suramadu, mt. bromo, malang, etc.
