A quality product that reflects your perfect lifestyle.

It comes naturally for our esteemed customers and business partners to expect high quality and standards that reflects their refined tastes.

I'm happy to say that over 50 years since inception, the Sivanesan Group of Companies has been able to consistently deliver the same with quality products that have achieved uniformly high levels of "customer satisfaction" and "business trustworthiness".

A delivery that's made possible by vision, commitment and the efficient execution of business functions across the company. And we at Sivanesan, wholeheartedly intend to maintain the same for years to come.

We look forward to serving you now and in the future as well.

S. Sivanesan
CEO
Sivanesan Group of Companies

Reflecting Consumer Preferences.

Innovations in lifestyles and changing trends in cuisine are closely reflected in the latest creations from Premier.

Constantly taking into consideration the pulse of changing consumer preferences and using exhaustive market research, the Sivanesan Group of Companies uses its flagship brand to innovate new products specifically designed to cater to evolving needs. Premier today has become a byword for user-friendly convenience that dynamically keeps pace with the ever-changing requirements of today's families.

Amplly supported by a growing establishment of seven manufacturing units and three marketing networks, the Sivanesan Group today rolls out over 600 items across 30 unique product lines. And hence, with this leadership in design for ever three decades, the group today delivers modern and user-friendly kitchenware thatis of international standards.

Whether it's upgrading existing products or path-breaking new innovations, all Premier products reflect a uniform commitment to the concerns of discerning customers.

An Echo of Excellence. Heard globally!

The world class quality of the creations of the Sivanesan Group is closely reflected in the popularity and demand in the International market. Sivanesan Group's growing International footprint is spread across continents like North America, Europe, the Middle East and Australia.

Over 100 different products from Premier enjoy a considerable presence in:

- * The United Kingdom
- * The USA
- * Canada
- * Switzerland
- * France
- * Spain
- * Bahrain
- * Dubai
- * Doha

A true reflection of versatility

Wet Grinders

Masalas. Chutneys. Purees. Soups...

The pastes that are the basis of all the above are crushed, mixed, pounded and ground by a special hard black roller stone of export quality. A stone that ensures no chipping and powdering during wet grinding applications.

A grinding stone, whose rotation is optimized to avoid over-heating, thus preserving micro-nutrients in the paste-and all plastic components in the wet grinder of food grade material to ensure wholesomeness.

With additional special innovative attachments for kneading, mixing and pulping.

We love our environment, we choose wisely

Drinking water in metallic bottles is among the ideal ways to show love to our environment. Keeping in mind the trend of non-plastic water bottles, Premier brings to you smartly designed stainless steel and copper bottles that last long. Other reasons that will make you switch to these bottles are that they are very easy to wash and handle. These bottles are 100% food grade, BPA free and has air tight seal. Premier stainless steel and copper bottles are tough yet lighter even after filling water. They are sleek enough to fit into bags and refrigerator, classy to carry for work and other outings.
