Taiwan Office: 66 Lian Wu Road, 412 Dali District, Taichung City, Taiwan

Vietnam Factory: So 122/2 Tran Tuan Khai, Phuong 5, Quan 5, Thanh Pho Ho Chi Minh, Vietnam

# Company Profile

Our company started as a trading company in Taiwan back in 2008. After few years of operation we have expanded beyond China to Vietnam sourcing. By coincidence we had the chance to purchase a factory in Vietnam, Machi Enterprise Vietnam, which is our factory since presence.

The purchase lead us to expand our production line and we started to move into textile production.

During the years, we started factory certifications and educate our workers to upgrade our working process.

Quality & workmanship been our first priority in our company, we are proudly been selected as high ranking BSCI certified factory in Vietnam.

At COVID time, we started to expand our production into other categories by cooperating with local suppliers. The concept behind this move it to enrich our product lines, this offers our client a more wider range of collection.

# Yes, We Care About Our Workers

We are not only looking for supplying goods to the world. We are really looking for changes and take care of our workers.

Therefore we have worked hard to upgrade our facility and we are proud to announce being part of the BSCI system since 2018.

2020 during the pandemic, we have not stop our patient to extent our factory, now we are part of the SEDEX/SMETA program including the ISO9001 certification.

By end of 2021 we have continue to improve new milestone by achieving ISO9001 and ISO22000 certification which is part of food processing supplier regulation.

# The ILAIC Product Concept

The vision is to create a circle of sustainable and healthy product line which can interact with each other.
