NE Σ TIME

brings you good times

NeXtime is an innovative, bold and playful Dutch design brand specializing in timepieces with a history of over 50 years since 1970!

From 2024, we extend our design heritage to home décor and lifestyle items including lighting and watches.

NeXtime products could be minimalistic, sophisticated, classy, sometimes playful, and sometimes all at the same time. We dare to be different, we attend to detail, and we offer customers the best integration of design excellence and functionality.

2024 Highlights

N E X T I M E

Lights up your life

For many years NeXtime has the desire to create lighting products. Just like clocks, lighting is an important part of our daily lives. We are confident in applying our heritage, craftsmanship, spirit, and creativity to this product group that lights up everyone's home.

If clocks control the rhythm of our life, orchestrating the passage of time with the movement of the hands, lighting creates the canvas that paints our mood and emotions. Together, they enhance the beauty of the good times in life.

Beam Lamp and Fabric Series

NeXtime Beam features a sleek, minimalist silhouette that blends functionality, elegance, and a touch of natural beauty.
