

kooduu

Set the mood. Wherever. Whenever.

kooduu

Step into a world where light mingles with sound and design becomes an experience. Since 2017, Kooduu has dedicated itself to crafting moments of joy, rooted in Danish and Dutch innovation. We merge the elegance of Scandinavian design with cutting-edge technology to transform any setting into a haven of ambiance and connection, creating multi-functional masterpieces that blend light and audio, perfect for enriching both indoor and outdoor spaces.

At Kooduu, we believe in more than just products. Our versatile range ensures you always set the perfect mood, whether it's a cozy indoor evening or a vibrant outdoor gathering. Combining aesthetic elegance with multi-functionality, our portable creations elevate any moment, tailored to bring smiles and enrich lives. Partnerships with renowned Scandinavian design studios like Jacob Jensen Design, Eskild Hansen Design and global audio leaders like HARMAN International guarantee our products look stunning and sound phenomenal.

Join us in our mission to revolutionize how people experience their indoor and outdoor living spaces.

Let's illuminate faces with smiles and create cherished memories with the perfect ambiance light and soundtrack.

HARMAN International

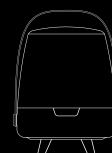

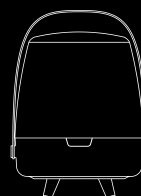

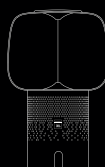

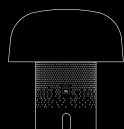

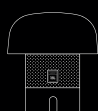

Beauty meets exceptional performance

Kooduu sets new standards for audiophiles with SOUND BY JBL

We understand that true audiophiles expect nothing but the best when it comes to sound quality. With HARMAN International's cutting-edge technology embedded in our designs, Kooduu products also cater to those who demand an outstanding audio experience from their multi-functional companions. Whether you're hosting a lively gathering or enjoying a serene evening, our products set the perfect mood with exceptional audio clarity and depth.

Driven by a commitment to quality and innovation, we proudly collaborate with global audio leader HARMAN, featuring SOUND BY JBL. This partnership ensures that our visually stunning products also deliver exceptional sound quality, catering to those who demand an outstanding audio experience.

SERENA PLAY

SOUND BY JBL

The Serena PLAY pairs rich and powerful Sound by JBL speaker technology with a soft, warm white glow from a filament-style LED strip embedded in its sculptural glass lampshade. This unique design creates a one-of-a-kind 360° dimmable light and surrounding sound experience in perfect harmony. Elegant, portable, and atmospheric – it transforms any space into a beautifully lit, music-filled moment.

- Operating time up to 8 hrs
- 2.600 mAh battery
- 5 levels of light dimming
- 10 Watt Full range speaker
- Height: 27 cm
- Diameter: 17 cm

LITE-UP PLAY & MINI

SOUND BY JBL

Where refined design meets exceptional sound. The Lite-up Play and Mini feature Danish aesthetics, brass and wood accents, and SOUND BY JBL. Choose the powerful full-size or the compact Mini with effortless portability. Warm light, beautiful form, portable and premium audio—perfect for elevating any space, indoors or outdoors.

Lite-up Play

- Operating time up to 8 hrs
- 2.600 mAh battery
- 5 levels of light dimming
- 10 Watt Full range speaker
- Height: 40 cm
- Diameter: 29 cm

Lite-up Play Mini

- Operating time up to 8 hrs
- 2.200 mAh battery
- 5 levels of light dimming
- 8 Watt Full range speaker
- Height: 29 cm
- Diameter: 21 cm

SENSA PLAY

SOUND BY JBL

Audio plus light and beauty plus functionality masterfully meet in this mushroom table lamp with an integrated Bluetooth speaker. Glare-free illumination and crystal clear sound delivered by Sound by JBL come out from this beautiful 360° visible speaker grill, putting the embedded exceptional listening on the spotlight. Home décor has never been more aesthetic, functional and premium. The Kooduu Sensa Play is the perfect example of high-end multifunctionality.

- Operating time up to 11 hrs
- 2.600 mAh battery
- Stepless light dimming 0-100%
- 10 Watt Full range speaker
- Height: 21 cm
- Diameter: 19 cm

SENSA PLAY MINI

SOUND BY JBL

This is the small version of the Kooduu Sensa Play. Light plus audio come together in a reduced size to be a practical companion for you to set the mood whenever you want, wherever you go. Give any space and moment a special touch with your preferred ambience light and soundtrack. Go wander and be ready to set the mood in with light and audio in style - We got you!

- Operating time up to 11 hrs
- 2.200 mAh battery
- 5 levels of light dimming
- 8 Watt Full range speaker
- Height: 16 cm
- Diameter: 14 cm

With the touch of a button

The Synergy, Atmos and Sphere are multifunctional and decorative furniture pieces that combine light, sound and a built-in container originally designed as a wine or champagne holder. Relax, enjoy, celebrate, decorate and create great memories in style with the touch of a button, indoors or outdoors. These speaker lamps with drinks holder are the best ally for spontaneous house parties, cozy dates nights, relaxing summer evenings, a day at the park with friends, and much more.

Kooduu x Jacob Jensen Design: We approached Jacob Jensen Design Studio and asked them to re-interpret our hugely successful Synergy speaker lamp and drinks holders in one under their design language, values, and the Scandinavian design roots we both share. The results are the Kooduu Atmos & Sphere: Minimalist, elegant and high-quality Bluetooth speakers, design mood lamps and drinks holders with a sleek Scandinavian design.

SYNERGY

Synergy is a dimmable 4 intensity designer LED lamp, Bluetooth speaker and a drink holder or wine cooler all in one. The Synergy speaker sounds as good as it looks thanks to Kooduu's Bright Sound Technology™, a module that combines warm light with high quality and balanced audio. It is available in 3 different sizes and 100% portable thanks to its rechargeable battery.

Synergy 35

- Operating time 10 hrs
- Height: 41 cm
- Diameter: 24 cm
- Fits 1 bottle
- 2.600 mAh battery
- 10 Watt speaker

Synergy 50

- Operating time 10 hrs
- Height: 56 cm
- Diameter: 32 cm
- Fits 1 bottle
- 2.600 mAh battery
- 10 Watt speaker

Synergy 65

- Operating time 10 hrs
- Height: 72 cm
- Diameter: 32 cm
- Fits 2 bottle
- 2.600 mAh battery
- 15 Watt speaker

ATMOS

by Jacob Jensen Design

Atmos combines the luxury of a lamp, the convenience of a bottle holder and the pleasure of a Bluetooth speaker in one sleek cylindrical design. Its bright, dimmable light and crystal clear sound come from the Kooduu Bright Sound Technology™ module, while its modern Scandinavian design comes from the Jacob Jensen Design Studio in Denmark.

- Operating time up to 10 hrs
- 2.600 mAh battery
- 4 levels of light dimming
- 10 Watt Full range speaker
- Height: 35 cm
- Diameter: 22 cm

SPHERE

by Jacob Jensen Design

Sphere is a sleek and rounded Bluetooth speaker and dimmable LED light with built-in bottle holder. The spherical shape evenly distributes warm, dimmable light and balanced sound thanks to Kooduu's Bright Sound Technology™ and Jacob Jensen Design's geometric and minimalist approach.

- Operating time up to 10 hrs
- 2.600 mAh battery
- 4 levels of light dimming
- 15 Watt Full range speaker
- Height: 31 cm
- Diameter: 38 cm

SPHERE ACCESSORIES

by Jacob Jensen Design

Elevate your Sphere to new heights and functionalities with the Sphere accessories. Combine the Extender with the Heavy Base Plate and safely raise your Sphere to 20 centimetres from the ground. Use the Marble Top as a lid and transform your Sphere into a small table, or simply use it as an elegant cutting board when you need one!

- Marble Top
- Heavy Base Plate
- Extender

Let there be light – Wrapped in Danish Design

Minimalistic, functional and timeless lighting design work. Let's turn your house into the cozy and nurturing home you cherish and love. Let's decorate your office, an inspirational space where your best work happens. Let's fill your commercial space with bright, warm and joyful objects. Embrace the convenience of wireless and rechargeable design lighting, seamlessly illuminating the most challenging locations devoid of power outlets.

The quintessence of Scandinavian design, now reflected in our new Portable Lamps Collection: Lite-up, Sensa, Fokus and Loomie. There is a color and shape to suit every lighting and décor need.

LITE-UP

by Eskild Hansen Design Studio

The Lite-up is a unique Danish Design and Dimmable LED lamp with 4 warm white light intensities settings, and it is a real eye-catcher in every interior. It is 100% portable thanks to its compact size, built-in and rechargeable battery or light wooden handle, so you can set the mood wherever you are.

- Operating time up to 50 hrs
- 1.800 mAh battery
- 4 levels of light dimming
- 2.700K
- Height: 26 cm
- Diameter: 20 cm

SENSA

by Eskild Hansen Design Studio

Sensa is a table lamp that can be used as a bed-side table lamp, on your dining room sideboard simply as task-lamp: its shape distributes light softly and evenly, providing a glare-free dimmable light for you to set the mood whenever you need to.

- Operating time up to 40 hrs
- 4,000 mAh battery
- Stepless light dimming 0-100%
- 2.700K
- Height: 21 cm
- Diameter: 19 cm

LOOME

by Eskild Hansen Design Studio

Loome is a highly portable lantern-like table lamp with diffused dimmable light: a beautiful lighting accent that is easy to carry around thanks to its portable handle. It provides overview of your surroundings and illuminates the corners of your spaces with an extra cozy touch in style.

- Operating time up to 40 hrs
- 4,000 mAh battery
- Stepless light dimming 0-100%
- 2.700K
- Height: 21 cm
- Diameter: 13 cm

FOKUS

by Eskild Hansen Design Studio

Fokus is a portable table lamp with direct, dimmable light: the best companion to put your heart and focus into your next project. Great for studying, working, and for high-focus tasks, but thanks to the dimmer, also great for cozy journaling, doodling or reading.

- Operating time up to 40 hrs
- 4,000 mAh battery
- Stepless light dimming 0-100%
- 2.700K
- Height: 26 cm
- Diameter: 10 cm

GLOW luxury table elements

Sometimes the little things in life make the biggest difference, like the Glow premium candleholders and decorative accents, designed with simplicity and elegance in mind. Featuring a high-quality aluminium base and a tinted glass top, the Glow candleholders are designed to last. These luxurious table elements are a safe and durable alternative to traditional candles thanks to their compatibility with the Shine LED Candle.

GLOW 08 & 10

by ESKILD HANSEN DESIGN STUDIO

Candles are an all-season essential to fill up your spaces with that cozy feeling. That is why we created premium candle holders compatible with a premium rechargeable flameless LED candle that you can always have at hand as part of your home décor, minus the open-fire, smoke, heat or wax.

Glow 08

- Height: 8 cm
- Diameter: 9 cm
- Aluminium body
- Tinted glass top

Glow 10

- Height: 9 cm
- Diameter: 9 cm
- Aluminium body
- Tinted glass top

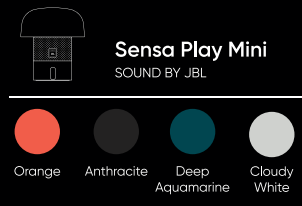

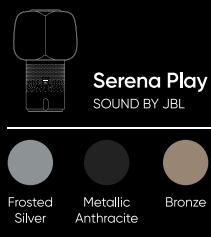

SHINE LED candlelight

A fireless alternative to wax candles that creates a warm ambience without the dripping wax, without the open fire. The durability of the Kooduu Shine LED Candle is its greatest strength. It will shine for over 96 hours – on its own or with an automatic timer with an on/off cycle, making it practical and safe to leave unattended for long periods of time.

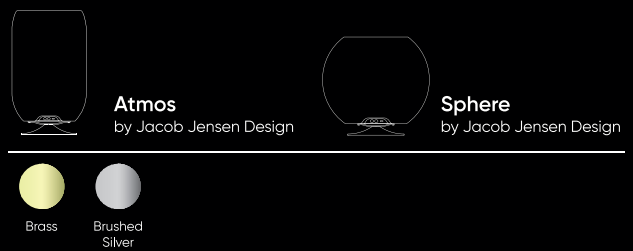

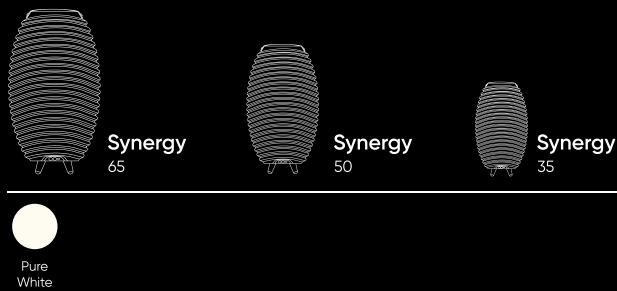

- Operating time up to 96 hours
- Automatic timer: 10hrs ON / 14 hrs OFF
- ON/OFF manual button
- No open-fire, smoke or heat
