FACTORY INTRODUCTION

We start from a factory located in Chiang Mai, Thailand, where 200 workers meticulously select and start each piece of our nature wood for floor, wall, furniture and home decorations.

• Our Manufacturing

19,000.m² modern factory combines automated production lines with artisan skills, yielding a monthly capacity of 80,000-120,000 pieces, flexibly responding to global market demands. From wood selection to final delivery, each step embodies our respect for nature and commitment to quality.

We employ advanced machinery, such as in-house Italian imported drying kiln technology maximizes the use of wood resources and control the moisture, and CNC, polishing machines as well as laser marking etc. Rigorous Quality Inspection, full-process control from raw material warehousing to online monitoring and final inspection.

• Our Qualifications

International Standards

ISO9001:2015 Quality Management System certified.
BSCI social responsibility audit passed with an A rating.
Accept customer-customized factory audits.

Safety Guarantee

Food contact safe, compliant with FDA/LFGB standards, ensuring health and aesthetics coexist.

• Our Business & Products

Providing designs for OBM and ODM, we have our own design band of "Home Naturals" towards global markets, while also undertake OEM business for our clients.
Our product ranges are solid wooden cutting/ serving boards, craft boards, serving trays/ platters/ bowls, wine rack etc. home decors.

• Our Values

Sustainable Commitment to protect the Earth future

We are committed to environmental protection by sourcing non-forest wood, and minimize wood waste by utilizing scrap wood, adhering to EUDR deforestation-free traceability standards, and rejecting deforestation.

Low-Carbon Production

We balance automation and handcrafting to reduce energy consumption and practice green manufacturing.

• Why Choose Us

Sustainable and abundant resources

Thailand native timber resources, and local production. Reusing fruits of mango & long wood, non-forest wood of acacia & walnut wood (Samanea saman) to achieve the purpose of environmental protection, sustainability.

Flexible Customization

A combination of handcrafted and automated flexible production to meet personalized designs and bulk demands.

Natural Aesthetics Design

Original wood grain and artisan polishing create unique home art pieces, bringing Nature into Your Life.

Global Markets Certified

15 years of deep cultivation, products are sold to Europe, America, Australia, New Zealand, and Asian markets, with dual certification of quality and reputation.

PRODUCT RANGES

We design and produce solid wooden kitchenware, tableware and home decorations.

Product Ranges

CUTTING/ SERVING BOARDS

- *Walnut Wood*
- *Acacia Wood*
- *Mango Wood*

Natural Attributes

Grown in the tropical climate of Thailand, the sunlight, rain, and fertile soil bestow it with a unique character. The wood is exceptionally hard and durable, yet has a warm and smooth touch. With every time use, you can feel the gifts of nature, turning each cooking experience into a luxurious enjoyment.

Sustainability Concept

Our materials belong to non-forest, reducing the demand for forests, we minimize wood waste by utilizing scrap wood, we are committed to avoiding any destructive logging, choosing instead a lifestyle that harmonizes human existence with nature.

WALNUT WOODEN CUTTING/ SERVING BOARD

The Perfect Harmony of Nature and Luxury

On the fertile lands of Thailand, East Indian Walnut grows with its unique charm, renowned for its deep hues and distinctive grain patterns. Its finely detailed and profound texture seems to echo the imprints of Thailand's ancient civilization, telling the stories of this land...

ACACIA WOODEN CUTTING/ SERVING BOARD

A Gift from Nature, the Taste of Home

With clear and natural grain, soft hues, and a finely textured surface that resembles a painting, acacia wood conveys a natural warmth through its smooth touch. It is knives friendly, durable enough to withstand daily use, yet it retains its natural beauty. It adds a touch of primal, natural breath to your dining table.

MANGO WOODEN CUTTING BOARD

The Beauty of Nature Within Reach

Reusing fruit wood gives old trees a new lease on life. With a hard texture that is not overly heavy, mango wood is durable and resistant to deformation, making it an ideal material for kitchenware. It supports a sustainable lifestyle, and each piece of mango wood kitchenware comes from the natural growth of mango trees that have thrived for decades, embodying the sunshine and warmth of Thailand. It adds a touch of natural warmth to your home.

USING INSTRUCTION & MAINTENANCE

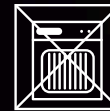

- To protect your wooden tools against grease and to increase its natural resistance to moisture, it should be treated with food grade olive oil or beeswax before using it for the first time. Apply olive oil or beeswax well, wipe off any surplus oil and then repeat 24 hours later.

- Use warm soapy water to clean, wiping it with a wet cloth or scrubbing it, and dry with a clean, dry dish towel. Do not soak or allow it to be in contact with water for a prolonged period, this can cause the wood to split.

- Daily use and dry climates require oiling process frequently. Caring for your wooden tools varies based on your use and location.

- Not suitable for microwave oven/dishwasher/ovens. Avoid long-term direct sunlight/heating/insect.
