

DISHWASHING DETERGENT IN SHEETS

box containing 40 sheets = 80 strips

ESSENTIA Nature®'s detergents in sheets are not only products, but the embodiment of our ethics, born from the awareness that we must protect and defend our Earth.

DISHWASHER DETERGENT SHEETS contain only what you really need to achieve cleanliness and hygiene on dishes, cutlery, glasses and pots, thanks to the action of the **natural enzymes** with which it is enriched. Our DETERGENT SHEETS remove every stains, even the most resistant, in full respect for the environment.

HELP NATURE WITH SMALL DAILY ACTIONS...

An ideal bond to establish with nature, which we strengthen every time we do the laundry and wash our dishes, which takes shape under the four pillars of this REVOLUTION:

REDUCE Thanks to his lightness, this small package reduces weight and bulk, avoiding bulky bottles to dispose of. More than 1 billion

plastic detergent bottles are used every year and only 20% of them are recycled.

It reduces transportation fuel consumption and the resulting carbon emissions by 94%.

SAVE It allows you to save money thanks to its competitive cost and, being pre-dosed, it avoids any product waste.

Thanks to his innovative shape, you save time and money.

RESPECT It's an eco-friendly product, which protects your family and the environment, respects fabrics and skin health, because it is hypoallergenic and Nickel Tested.

Furthermore it is Cruelty Free and Vegan. It does NOT contain Parabens, Phosphates, Added Colorants, 1,4-Dioxane, microplastics, MIT preservatives, chlorine bleach and optical brighteners.

RESULTS You'll be amazed by the results, even on the most stubborn dirt.

To achieve perfect laundry and dishes, we often resort to using expensive or aggressive detergents such as bleach or chemical additives, which are not very gentle on our clothes and harmful to our bodies.
