Introduction

At Haden, we believe the kitchen is the heart of the home. It is where everyday routines turn into rituals and where small moments create lasting memories. Rooted in British heritage and crafted with care, every product is designed to bring ease, warmth and meaning to daily life.

This catalogue invites you to explore our current home appliance collection including refrigeration, cooking, dishwashing and laundry solutions. Intelligently designed appliances that can suit all kitchen styles and layouts, each crafted to support the rhythm of modern living.

EVERY HADEN APPLIANCE COMES WITH A 2 YEAR PARTS & LABOUR WARRANTY

Offering added peace of mind as you enjoy the moments that matter.

Haden introduces a fresh new identity, honoring heritage while looking ahead

A PARTNER IN EVERY MOMENT — A FRESH CHAPTER FOR A TRUSTED KITCHEN BRAND

Since 1958, Haden has been a beloved name in British kitchens, known for its timeless design and reliable performance. Now, the brand unveils a refined new identity—one that stays true to its heritage while embracing a modern, global vision.

As kitchens evolve into vibrant spaces for creativity, connection, and everyday rituals, Haden's refreshed look reflects this shift. With a thoughtfully designed range of kettles, toasters, air fryers, and more, the brand continues to blend style with function, making every moment in the kitchen effortless and enjoyable.

"Our new identity is about much more than design—it reflects how we are growing with our customers in a changing world," says Sachin Bagga, Director and Haden brand owner.

"We are sharing our passion for thoughtfully designed products and inspiring special moments in homes across the globe. This evolution underscores our commitment to supporting everyday routines and life's memorable moments."

As part of this transformation, Haden introduces a new tagline: "From the First Drink to the Last Bite." More than just words, it represents the brand's mission to enhance daily life with stylish, reliable kitchen essentials—whether it's the first cup of tea in the morning or a shared meal at the end of the day.

This rebrand marks a new chapter for Haden, one that respects its legacy while embracing innovation, inclusivity, and modern living. The updated visual identity will roll out globally from June 2025, starting in the UK, USA, South Africa, and Europe.
