QOOZII started with a simple idea: the right atmosphere changes everything.

QOOZII started with a simple idea: the right atmosphere changes everything. Not through grand gestures, but through subtle details that make people feel at ease.

We design portable lighting that slips into everyday life. For dinners that stretch into the night, movie-marathons in the garden, and little moments that deserve to feel extra special.

Each piece we bring to life is built to move with you, made to feel like it's always been part of the scene. Because when light feels just right, everything else falls into place.

Moments Made Brighter

QOOZII changes the way a space feels. Our products cast a soft glow that invites people closer, lingers like candlelight, and makes everyday moments unforgettable.

Our lights bring the warmth and intimacy of candlelight, but with the ease and reliability of modern design. No fuss, no flame, just atmosphere you can carry with you.

Feature	Candles	QOOZII
SAFETY	Open flame risks	Flame-free
SUSTAINABILITY	Single-use waste	Reusable, with replaceable batteries
COST-EFFECTIVENESS	Frequent repurchases	Long lifespan, lower long-term expenses
MAINTENANCE	Wax cleanup	Easy recharge, no mess
WATERPROOF	×	IP65-rated

Practical Benefits

Our products are built for real-world **hospitality** demands.

- **Durable materials** (aluminium body), long battery life, and waterproof IP65
- Appeal to operational needs: easy to set up and maintain. Designed for **seamless integration** in fast-paced venues.
- **Multi Charging Stations:** centralized charging keeps lamps ready at all times, saving staff both effort and space.
- **Replaceable batteries** as a unique advantage - no need to replace the entire lamp after heavy use.

Sustainability & Long-Term Value

QOOZII stands for **sustainable luxury**.

- Reusable, not a disposable product: replaceable batteries and long product lifespan mean **less waste** and **more value** over time.
- Position as an investment in both **eco-conscious operations** and **cost efficiency** - fewer replacements, future-proof design, and less environmental impact.

Multi Charging Station

“QOOZII changed the way our spaces feel.
It’s intimate, warm, and inviting
without even trying.”

- Arco Suites, Greece

User Manual

Usage Tips

- For indoor & outdoor use
- Operates between 0°C to 40°C
- Place only on stable, level surfaces (max tilt: 15°)
- Fully charge before first use

Safety Guidelines

- Do not use if the lamp or cable is visibly damaged
- Keep away from flammable materials during use
- Keep out of reach of children under 8, unless supervised
- Only service by qualified personnel

Battery Care

- Battery includes protection against overcharging and overload
- Keep charge between 20-80% for long battery life
- If unused for weeks/months, charge and discharge periodically
- Always dispose of batteries responsibly

Disposal Guidelines

- Follow local regulations for electronic waste and recycling

Cleaning & Maintenance

- Wipe gently with a damp, soft cloth
- Use mild soap for light dirt
- Do NOT immerse lamp or charging cable in water
