QOOZII

WWW.QOOZII.COM

QOOZII started with a simple idea: the right atmosphere changes everything.

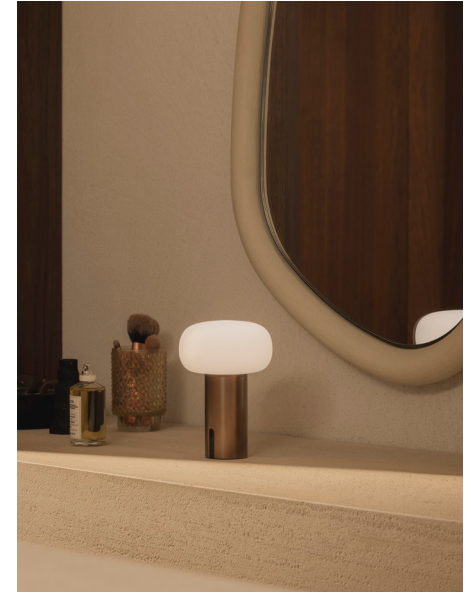

We design portable lighting that slips into everyday life. For dinners that stretch into the night, movie-marathons in the garden, and little moments that deserve to feel extra special.

Each piece we bring to life is built to move with you, made to feel like it's always been part of the scene. Because when light feels just right, everything else falls into place.

-  Long Battery Life
-  Wireless Charging
-  Adjustable Color
-  Waterproof IP65
-  Premium Materials
-  Replaceable Battery
-  Dimmable
-  High-Quality Light
