

COMPANY PROFILE

ABOUT US

Textialpaca, as a business, has a special commitment to its customers and we show this through the quality of our textiles and manufacturing processes. We offer our knowledge and experience in the noble art of fabric production which we have developed thanks to modern technology and the privilege of having several years of experience working with one of the world's finest fibres.

We have learned from our country's ancient textile tradition, which owes much to the ancient Inca and pre-Inca cultures. We are ready to offer you luxury fabrics and garments of exceptional quality in order to nurture your inspiration and progress.

MISSION

Produce and market eco-friendly alpaca garments and fabrics of exceptionally high quality, following the grand Peruvian textile tradition with socially responsible work policies and a commitment to the community

VISION

To be the flagship company that highlights the benefits of alpaca products and the Peruvian textile tradition in the international market.

VALUES

Transparency
Responsibility
Respect and kindness
Discipline
Efficiency
Reativity
Customer service
Social responsibility

► EXPERTS IN ALPACA WOVEN PRODUCTS

At our company, woven products are our expertise. We use German and Italian machinery, recognized as the best technology for working with natural fibers. Additionally, our deep knowledge of alpaca and vicuña fibers, combined with Peruvian artisanal expertise, allows us to achieve a perfect blend of tradition and technology.

The versatility of alpaca fiber is unmatched, enabling us to create a wide range of products. We work with 100% Baby Alpaca and blends with other natural fibers, always adhering to the highest international quality standards.

We produce customized products according to each client's specifications, tailoring designs, patterns, textures, finishes, colors, and compositions to create truly personalized products.

At Textialpaca, we proudly serve customers around the world, offering premium alpaca products to clients in various regions. Our dedication to quality and sustainability has allowed us to establish a presence in countries such as the United States, Canada, Germany, France, the UK, Italy, Japan and The United Arab Emirates. By connecting our modern production techniques with international markets, we aim to deliver exceptional alpaca products to customers globally.

As a testament to our quality, we manufacture for one of the prestigious brands of the LVMH Group.

MAIN PRODUCTS

HOME DECO LINE

Blankets, Throws and Pillows

At Textialpaca, our home collection features an exclusive line of alpaca throws, blankets, and pillows blended with other premium fibers. These luxurious items are designed to bring warmth, comfort, and elegance to any space. With alpaca's renowned softness and durability, combined with carefully selected materials, our home textiles offer both style and long-lasting quality. Whether you're looking to elevate your living room or add a touch of sophistication to your bedroom, our collection seamlessly combines innovative production techniques with contemporary design.

APPAREL AND ACCESSORIES LINE

Textalpaca offers a curated collection of high-quality alpaca garments and accessories, blending contemporary design with the rich traditions of Andean craftsmanship. Alpaca fiber's natural versatility allows us to create custom designs tailored to our client's specific needs, offering unparalleled softness, warmth, and durability. We work closely with our clients to bring their unique designs to life, guided by our in-house textile designers. Each piece undergoes a rigorous quality control process to ensure the highest standards are met, reflecting our commitment to delivering exceptional products that align with our client's vision.

We offer a wide range of products, including coats, vests, and jackets, designed with precision and attention to detail. Additionally, our accessories collection features scarves, shawls, and stoles, all made with the finest alpaca fiber to ensure both elegance and functionality.

FABRICS

The versatility of alpaca fiber is very wide, therefore we can work different types of fabrics, both 100% Baby Alpaca and blends with other natural fibers, manufactured under international quality standards.

Our alpaca fabrics are specially crafted for clothing, offering unmatched versatility. Alpaca fibers are not only incredibly soft and lightweight, but they also provide excellent insulation, making them ideal for garments in any season. The natural breathability and hypoallergenic properties of alpaca ensure comfort, while its durability allows for long-lasting wear. Whether for casual pieces or luxury fashion, our alpaca fabrics adapt seamlessly to various styles, combining tradition with modern functionality.

We produce customized fabrics according to the specifications of each customer, customizing designs, patterns, textures, finishes, colors, compositions, blends, etc.

Our fabrics embody luxury, with an exquisite finish that perfectly complements the vision behind customer designs. With a monthly production capacity ranging from 30,000 to 50,000 meters of fabric, our factory is equipped to meet large-scale demands. Backed by our expertise in working with alpaca fiber and other South American camelids, we combine in-depth technical know-how with advanced technology to transform the ideas and inspirations of brands and designers into reality.

► CAPABILITIES & PROCESSES

► Production Minimums

Blankets and Throws	50 units per color
Pillows	Between 75 and 150 units per color
Apparel	50 units per style
Fabrics	Between 50 and 100 meters per color

► Production Capacity per month

Fabrics	Between 30,000 and 50,000 mts per month
Scarves	60,000 units per month
Stoles	30,000 units per month
Throws or Blankets	12,500 units per month

► Production Lead Times

Depending on the yarn availability, the production lead time will be between 1 and 3 months. If the yarn is in stock, the lead-time would be between **1 and 4 months**. If the yarn is not in stock, the lead-time would be around **3 and 4 months**.

► TAILORED SERVICE OFFERING

At Textialpaca, we take pride in offering a fully customized service, allowing our clients to select every aspect of their product to ensure it meets their unique requirements:

► Dimensions

We provide flexibility in length, allowing clients to choose their preferred size. The maximum width we can accommodate is 60 inches (150 cm).

► Colors

Clients can choose from our extensive yarn color chart, submit a Pantone code, or even provide a physical reference to ensure precise color matching.

► Designs

Our dedicated design team works closely with clients to translate their ideas into reality. Whether it's a technical sheet or simply a concept, we bring each design vision to life with meticulous attention to detail.

► Compositions

We offer a diverse selection of yarns with various compositions, ensuring we can meet the specific functional and aesthetic needs of our clients.

By offering this level of customization, we ensure that each product is tailored to the exact specifications, enabling us to exceed our clients' expectations while maintaining the highest standards of quality and service.

■ SOCIAL AND ENVIRONMENTAL INITIATIVES FOR **SUSTAINABLE** **PRODUCTION**

Recycled oil for our boiler/cauldron.

We use recycled oil in our boiler, converting waste into energy. This process reduces waste, saves resources and reduces our environmental impact.

Water Recycling and Irrigation

Our water recycling system repurposes treated water for garden irrigation, conserving resources and promoting sustainability.

Energy Efficiency System

We optimize energy use by limiting lighting to active work areas and machines. Additionally, all our facilities are equipped with energy-efficient LED lighting, reducing consumption and environmental impact.

Eco-Friendly Chemicals

All chemical products used in our production process are certified with an eco-label, ensuring sustainability and environmental responsibility.

Recyclable Material Management

We collaborate with the Recycling and Women Empowerment Project (Ecofriendly Women) to ensure proper treatment of recyclable materials while supporting sustainable practices and empowering women.

Upcycling

At Textialpaca, we are committed to sustainability and minimizing our environmental impact. We actively reuse production waste, transforming it into new products. This practice not only reduces waste but also allows us to create innovative solutions, contributing to a circular economy and ensuring that our operations align with our dedication to environmental responsibility.

Vision Care Initiative for Our Team

As part of our commitment to the well-being of our employees, we are launching a vision care initiative for the members at our plant. This project includes conducting professional eye exams and providing customized eyeglasses tailored to their specific needs. By ensuring clear vision, we aim to support their health, comfort, and productivity in their daily work.

WORK POLICIES

► Fair Labor Practices and Employee Development

Textalpaca is committed to ensuring fair and ethical treatment of its workers.

- **Punctual payment:** Workers are paid their wages punctually every month.
- **Working hours:** No worker works more than 48 hours per week.
- **Fair wages:** All wages are equal to or higher than the minimum monthly wage required by the local government (S/. 1025.00, approximately 280 USD depending on the exchange rate).
- **Overtime** is entirely voluntary and fairly compensated. Employees have the flexibility to choose between financial remuneration or additional time off for their overtime.
- The company invests in employees' growth by **providing ongoing professional training**.
- Employees are encouraged to propose development opportunities that align with their career aspirations.

► Our Ethical Commitment

At Textalpaca, respect and equality are the foundation of everything we do. We are dedicated to fostering a workplace where:

- **Fair Treatment:** Discrimination in wages, promotions, or daily interactions is strictly prohibited, ensuring all employees are treated with dignity and kindness.
- **Social Responsibility:** We comply with ethical labor practices by hiring only individuals of legal working age and partnering exclusively with suppliers who share our values.

We take a firm stance against practices such as child labor and forced labor, ensuring they are absent from all aspects of our operations and partnerships.

This unwavering commitment reflects our dedication to building a sustainable, equitable, and ethical environment for everyone involved in our production process.

► Quality Assurance

At our company, we ensure the quality of our fabrics through rigorous controls and laboratory testing. Key aspects such as dimensional stability, appearance after washing, color fastness, flammability, and pilling resistance are thoroughly evaluated. These processes guarantee excellent performance and durability when care instructions are followed.

► We Care: OUR SOCIAL RESPONSIBILITY STRATEGY

At Textalpaca, we believe in the power of giving back to the communities that have contributed to our success. That's why we are committed to making a positive social impact through our We Care initiative. We Care is our social responsibility strategy focused on helping vulnerable communities across Peru, and it is an integral part of our annual operations. Our current primary focus is on the community of Callalli, a small town located in the Peruvian Andes, where over 80% of the population lives in poverty.

► Empowering the Women of Callalli: The Rupha Project

One of the flagship projects within WeCare is our partnership with the talented women weavers of Callalli. This initiative, named "Rupha" (which means "shelter" in Quechua), focuses on creating high-quality handmade alpaca accessories such as mittens, beanies, and scarves. These products are crafted by the women of Callalli, and Textalpaca serves as a global sales channel, offering their beautiful creations at international fairs and to customers around the world. All profits from the sale of Rupha products go directly to the artisans, providing them with a sustainable income and helping to improve their families' quality of life.

In addition to facilitating product sales, we also invest in the ongoing development of these women by providing training workshops, sharing knowledge, and organizing community events. These activities foster personal and professional growth, empowering the women to expand their skills and enhance their craft.

► Health and Education Initiatives

We Care also focuses on addressing key social challenges in Callalli, particularly in the areas of health and education. One of our notable initiatives is the Dental Campaign, where we collaborate with dental students from Arequipa to provide dental check-ups and treatments for the children of Callalli. The initiative includes caries screenings, dental treatments, and the distribution of dental care kits.

In addition to health projects, we also prioritize education. We regularly hold informational talks about educational opportunities, scholarships for higher education, and provide vocational tests to help students make informed career choices. Every year, we also support local food programs by delivering essential food supplies to the community's dining halls, ensuring that children have access to nutritious meals.

► A Social Face to Our Industrial Activity

At Textalpaca, we are dedicated to creating a socially responsible business model, and our WeCare initiative reflects our belief in integrating social responsibility into our core operations. Every year, a percentage of our profits is allocated to funding these community projects, ensuring that we can continue to make a tangible difference in Callalli and beyond. By investing in these projects, we aim to create a more sustainable future for vulnerable populations, while giving a social face to our industrial activity.

► Expanding Our Impact

While our current focus is on Callalli, we aspire to expand the reach of WeCare to other communities in need. Our goal is to scale the impact of our initiatives, providing even more communities with the resources and opportunities they need to thrive. We are committed to continuing to support vulnerable populations through education, health, economic empowerment, and more.

At Textalpaca, we are proud that our business is not only about creating high-quality products but also about creating meaningful, lasting change for the people and communities we serve. By choosing Textalpaca, you are helping support a brighter future for Peru's most vulnerable communities.
