Jute drawstring bags are particularly popular within the Horticulture and Cosmetic industries. The different sizes are perfect for various sized gifts, handmade soaps and cosmetics. The smallest of the four is petite and compact; some of our customers have used this size for confectionary and product give-aways. Health food shops also use the larger bags for spice storage and displaying herbs, grains and seeds.

This style of bag can be printed with your logo and brand message. Discuss your preferred design with our team and we can advise you, ensuring you have a bag to be proud of.
