BUILD YOUR MARKER

1 CHOOSE
2 COLORS.

2 CONNECT
WITH A RING.

3 YOUR MARKER,
YOUR WAY.

Create unique markers and marker collections with OLO Connector Rings, Handles, and nibs.

**For every two half-markers you need one Connector Ring.*

2X MORE INK

Each OLO™ marker contains 4ml of ink—nearly 2x more usable ink than any other alcohol marker.

OLO technology allows for over 90% of the ink to be used and you will have consistent ink flow from start to finish.

Replacement Cartridge

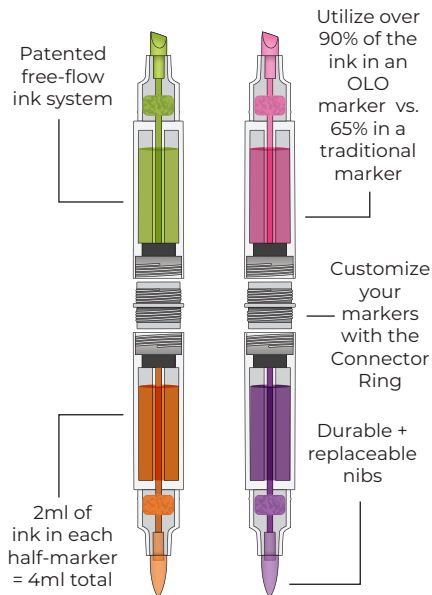

Due to the outdated technology of your standard alcohol marker, refilling the ink is typically messy and time-consuming. In addition, this same technology degrades over time, causing you to refill your marker more as the ink capacity lowers. With OLO, there is no absorbent material to degrade; simply replace the ink cartridge.

NEW, PATENTED TECHNOLOGY

OLO's patented cartridge free-flow ink system maintains consistent, controlled ink flow throughout the life of the ink cartridge.

As a result, OLO provides you with more usable ink than any other alcohol-based marker available.
