

OLO

Premium Alcohol Marker

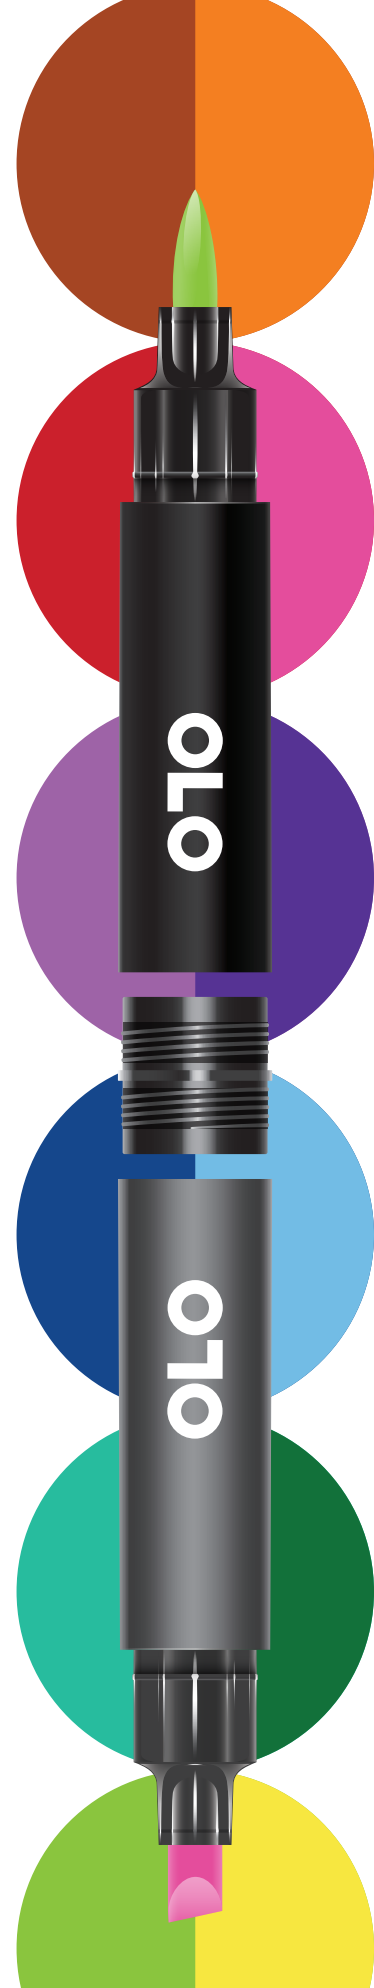

Introducing OLO, a revolutionary premium alcohol marker that harnesses cutting-edge technology never seen before in the industry. With over 25 years of experience in the marker business, we embarked on a journey to innovate and address long standing challenges faced by marker enthusiasts.

Did you know? The name "OLO" is derived from the word "COLOR." By removing the "c" and "r" from each end, we arrived at "OLO," symbolizing the essence of color. Thus, we proudly present our tagline: "OLO, The Heart of COLOR."

We invite you to experience the brilliance of OLO markers and share in our passion for vibrant creativity. Discover why OLO is #notjustanothermarker.

BUILD YOUR OWN MARKER

Made in Japan | Exceptional Quality | Easy Blending
Customizable | Replacement Cartridge

OLO Not Just Another Marker

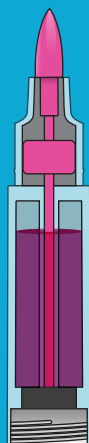

New, Patented Technology

OLO's patented cartridge free-flow ink system maintains consistent, controlled ink flow throughout the life of the ink cartridge. As a result, OLO provides you with more usable ink than any other alcohol-based marker available.

Patented
free-flow
ink system

2ml of
ink in each
half-marker
= 4ml total

Durable +
replaceable
nibs

Utilize over
90% of the
ink in an OLO
marker vs.
65% in a
traditional
marker

THE HEART OF COLOR™

Available in 160 colors

Unparalleled Value

Each OLO™ marker contains 4ml of ink—nearly 2x more usable ink than any other alcohol marker. OLO technology allows for over 90% of the ink to be used and you will have consistent ink flow from start to finish.

Replacement Ink Cartridge

Due to the outdated technology of a standard alcohol marker, refilling the ink is typically messy and time-consuming. This same technology degrades over time, causing users to refill their marker more as the ink capacity lowers. With OLO, there is no absorbent material to degrade; simply replace the ink cartridge.
