WATERCOLOUR BOOK

— suitable for every motif!

A mobile studio for urban sketchers and watercolourists

The Watercolour Books range includes three new formats. Two square books measuring 14x14 cm and 19.5x19.5 cm and a book in A4 portrait format complete the collection, which is popular with watercolour artists.

The newly designed banderol showcases a sketch by Spanish artist Alicia Aradilla of Madrid, who also uses watercolour books extensively for her travels.

The Hahnemühle Watercolour Books are the ideal companion for watercolourists who like to use their brushes and paints anywhere and anytime. The natural white paper with a basis weight of 200 g/m² has an identical fine-grained surface structure on both sides. The front and back can be painted and motifs can be designed over the entire width of the book.

With 60 pages/30 sheets, it offers plenty of space for holiday or landscape motifs, cityscapes, or portrait studies.

The Watercolor Book is suitable for all watercolour techniques, especially wet-on-wet techniques.

The water-repellent cover protects the designed motifs; a black rubber band prevents accidental opening.

The books are available in landscape and portrait format in A6, A5 and A4 as well as in the square formats 14x14 cm and 19.5x19.5 cm. The watercolour book is vegan, age-resistant and acid-free.
