WATERCOLOUR BOOK DECKLE EDGE

the unique quality of craftsmanship

This unique, exquisite Watercolour Book Deckle Edge with three hand-torn edges has been designed for artists who like to paint on a traditional hand-torn paper that is not only visually pleasing but also has a tactile quality and history. The strong 250 gsm 100% cotton watercolour paper ensures exceptional durability, enabling the creation of stunning artwork with vibrant colours. All 30 sheets of the book have a surface-sized, homogeneous, cold pressed surface texture on the front and back, allowing artists to paint on all 60 pages of the watercolour book. The three hand-torn edges give each of the 30 sheets a touch of elegance and the feeling of a masterpiece. The natural texture of the paper provides the perfect surface for both detailed and broad brush strokes, offering unparalleled control and versatility for all wet painting techniques. The robust binding, the black rubber band and the durable, moisture-repellent cover ensure that creations stay secure, whether painting on the go, at home or in your studio. The blind embossed rooster on the back of the cover adds an elegant accent to the design.

The Watercolour Book Deckle Edge is available in five formats: Approx. 15.3 x 10.3 cm and 20.5 x 15.3 cm each in landscape and portrait format as well as in a square format of approx. 14 x 14 cm. Like all Hahnemühle products, the Watercolour Book Deckle Edge is vegan, acid-free and age-resistant. The Watercolour Book Deckle Edge is the perfect companion for creating breathtaking watercolour art. Each hand-torn sheet is unique, which makes every work of art created on it even more special.
