Black Pearl®

- New superior Mightlon® synthetic construction
- Rugged, Durable & Long Lasting
- Oils, Heavy, Tube & Jar Acrylics
- Outstanding Value
- Durable and long lasting
- For heavy body and tube acrylics

This value-priced artist brush can be used on any surface including canvas, walls, canvas panels, murals, wood and composite panels, metal, fabric, cardboard, molded paste, rough, paper and smooth surfaces. Great for models, tiles, moldings, objects and glass

Black Pearl® will outlast and out work most other competing brush series. They are made with a new durable filament named Mightlon. The new material is strong, tough, resilient and ready for any paint the artist uses. Black Pearl® is also for the working artist that needs value and long-lasting high-performance brushes.

Black Pearl® brushes come in the most popular shapes and sizes.

Round, Flat, Bright, Filbert, new Script Liner, and 5 new sets featuring our best selling brushes.
