BelleAqua®

Watercolor & Gouache

Break-through synthetic artist brush series.
BelleAqua® duplicates the joy of painting with
Pure Red Sable.

- **Hi-Performance in all water based paints**
- **Exceptional color holding capacity**
- **Transfer paint easily from palette to paper**
- **Interlocked construction holds shape perfectly when wet**
- **Superb stroke control, response, and feel**
- **Flexible and durable**
- **12 different shapes and 38 different sizes including the best-selling Dagger, Triangle, Cats Tongue, and 16 different size rounds**
- **3 unique shapes in travel brushes**

With the added pleasure of knowing they are **100% synthetic unique Japanese filament**, BelleAqua® is perfect for watercolors, gouache, fluids, inks, silk dyes & more. BelleAqua® imitates the feel and look of natural kolinsky sable hair.

Silver has put together a complete selection of the most popular shapes and sizes watercolorists love to use.

Perfect for the Artist:

- BelleAqua® makes painting for the beginning watercolor artist easy, fun, and affordable
- With 16 different size rounds starting with size 5/0, detail artists can create the lines and details that are so important to their work
- Artists looking for unique shapes in brushes, like the stroke, angle, and liners
- Painting professional will love to recommend this series to their students; an affordable, durable, and excellent example of a synthetic Kolinsky artist brush
