

addi Nature

Olive Wood

addiNature Olive Wood | 575-7

- » Warm feel and noble olive wood
- » Extraordinarily fine tips due to the hard wood
- » Every needle tip is unique
- » Olive wood from trees no longer bearing fruit
- » Coated with durable wax
- » **Due to their lightness and warm feel, we recommend these needles to medium to loose knitters and knitting enthusiasts who need to take extra care of their hands. The natural surface prevents stitches from slipping off the needles too easily.**
- » **The fine tips are the perfect match for fine yarns and patterns.**

Sizes*: 3.0 – 12 mm (with 0.25-mm steps) (US 2 – 17)
Lengths: 40 – 150 cm (16 – 60")

Extra fine tips

addi Nature

Bamboo

addiNature Bamboo | 555-7

- » Extra light and warm feel
- » Durable, premium Japanese bamboo
- » Quiet knitting due to less needle clicking
- » Coated with durable wax
- » **We recommend these needles to medium to loose knitters and for exceptionally smooth yarns. The natural surface prevents stitches from slipping off the needles too easily.**
- » **Due to the lightness and warm feel, we also recommend them to knitters who need to take extra care of their hands.**

Sizes*: 2.5 – 12 mm (US 1 – 17)
Lengths: 40 – 150 cm (16 – 60")

Fine tips

addi Christmas LACE

addiChristmas Lace | 705-2

- » A very special needle for a donation that comes from the heart, offering a unique knitting experience with new materials and a Christmas design.
- » Dark green, matte needles made from solid aluminium
- » Finest lace tips (red cord)
- » **Recommended for the finest patterns. The needle has a good feel and nice grip, even when working with very smooth yarns. It combines the characteristics of a very robust metal needle with the soft and warm touch of a wooden needle.**

For every sold addiChristmas needle, addi donates 0.50 € to the Children's and Youth Hospice Balthasar in Olpe, in the German Sauerland region, bringing twice the joy.

Sizes*: 4, 5 and 6 mm (US 6, 8 and 10)
Lengths: 60 – 150 cm (16 – 60")

Lace

0,50€ per needle for the Balthasar children's hospice in Olpe.

 Made in Germany

Range of circular needles
 Many options – premium quality.

addi circular knitting needles

Made in Germany since 1829.

Our philosophy is easy to explain: When our clients buy addi needles, they get premium quality for 100% knitting pleasure.

This makes our high-quality needles so special:

» **Our location: Altena.** Here –and here only– we have been manufacturing premium-quality knitting needles and crochet hooks since 1829 with 120 employees.

» **Unique manufacturing technologies,** such as „tied-in“ instead of glued cords, guarantee high-quality, durable products from prime workmanship.

» **Quality and service** are our top priorities. Our clients can always reach us – for praise, criticism and goodwill.

» **Family business** is a term that applies to addi in two ways: our business is family-owned and operated in the 6th generation and several generations of a family often work together at addi – grandmothers, daughters, grand-daughters and siblings.

» The „**Ökoprofit certificate**“ speaks for itself. A sustainable use of resources has always been part of our philosophy.

addi Premium Classic

addiPremium Classic | 105-7

- » The classic addi needle since 1945
- » Round basic tips (golden cord)
- » Extremely smooth surface
- » Perfectly crafted needles
- » Finest transitions between tips and cord
- » **Recommended for turbo knitters and low-twist, multi-thread yarns.**

Sizes*: 2.0 – 15 mm (with 0.25-mm steps) (US 0 – 19)
Lengths: 20 – 150 cm (8 – 60")

Background knowledge about the materials of our addi circular knitting needles:

Brass is the raw material for our needle tips, which are then finished with multiple layers of white bronze. This makes our addi needles extremely smooth..

The flexible plastic cords, printed with the needle size and length, are “tied” to the needle tip in a special process, creating a permanent and smooth transition. A perfect connection.

Hints regarding the tip length:

The tip length of the **classic circular knitting needle** at addi is 125 mm. The length given for the needle is the total length of the needle tips and cord.

Circular needles **under 60 cm (24") length** are equipped with shorter needle tips of about **85 mm**, as longer tips would make knitting in the round impossible.

Basic

Lace

addi Premium Lace

addiPremium Lace | 775-7

- » Finest lace tips (red cord)
- » Extremely smooth surface
- » Perfectly crafted needles
- » Finest transitions between tips and cord
- » **Recommended for finest yarns and patterns, as well as for seasoned knitters and very tight knitting.**

Sizes*: 1.5 – 8 mm (with 0.25-mm steps) (US 000 – 11)
Lengths: 40 – 150 cm (16 – 60")

addi Unicorn

addiUnicorn | 115-7

- » Round, spiral texture with a pinch of magic
- » Round basic tips and pink cord
- » Gentle massaging effect during knitting
- » Stitches are carried by the texture
- » **The texture gives the needles a nice grip while maintaining a smooth surface. We therefore recommend them for medium to loose knitting, beginners and low-twist, multi-thread yarns.**

Sizes*: 2.0 – 8 mm (US 0 – 11)
Lengths: 60 – 150 cm (24 – 60")

„The very best addi needle. It has a wonderful feel and is very light with great transitions. The stitches just fly over the needles.“
Eva C.

Basic

addi Novel LACE

addiNovel Lace | 717-7

- » Finest lace tips (red cord)
- » Textured “Novel” surface combined with square needles and round edges for a gentle massage of the hands
- » Registered utility-model design
- » Effortless knitting that is easy on the joints
- » Very even stitch pattern due to the texture
- » **The texture gives the needles a nice grip, making it less likely that stitches slip from the needle. We therefore recommend the Novel needles for medium to loose knitting and knitters who need to take extra care of their hands.**

Sizes*: 2.0 – 8 mm (US 0 – 11)
Lengths: 40 – 150 cm (16 – 60")

„The Novel needles are my absolute favourite. Even during a knitting marathon, my fingers don't hurt.“
miracularr
