

Acrylic ROSA Gallery is colours for the professional artists. Is developed together with Ukrainian artists and are made of thin quality pigments and modern acrylic dispersions.

Modern innovation materials enable to give high flexible film of colour after drying and make it steady for temperature variations. Using them we increased the drying time which enrich the possibilities of acrylic painting. Well-selected color range gives expected results at mixing colours.

ROSA Gallery artists' acrylic colours have slight brilliance after drying. Increasing drying time, balanced color range and consistence of ROSA Gallery acrylic colours make the process of painting with them similiar as with oil colours and allows achieving the best results in acrylic painting.
