NEW
For Chefs who want to create custom edible shapes to decorate cakes, cookies, cupcakes and more.

For PRO users and creative professionals who need to convey complex ideas and projects quickly and efficiently using a wide array of 3D printing materials.

For Teens and Adults ages 14+ who love to create and are inspired by the intersection of tech and design.

For Kids ages 6-13 who love to create and express their ideas visually in 3D.
For Educators of all kinds who want to make learning fun and accessible for all K-12 students, in and out of the classroom.

The 3Doodler Story

KICKSTARTER

From a handmade prototype in a Massachusetts makerspace, to one of the most successful Kickstarter projects of all time, 3Doodler is now the best-selling 3D printing pen out there. Along the way our community of creatives and educators has grown, using 3Doodler in ways we never imagined, and changing the lives of those around them.

The story of 3Doodler started out with a good dose of imagination, endless hours of engineering, and a sprinkling of good fortune.

10,000+ Schools

Now with over 3 million 3Doodlers shipped, and our pens making an impact in over 10,000 classrooms worldwide, the next chapter of our story is in **your hands.**

Our team has grown, traversing three continents, we've kept creativity and our customers at our core.

Where will your imagination and creativity take you today?

3Doodler EDU

Engage Primary & Secondary students in subjects from science to the humanities

At 3Doodler, creativity is our passion. We embrace the power of inclusive education and believe that learning is strongest when students make real things — in STEM, through the arts, and with engaged play.

3Doodler is committed to bringing a new dimension to STEM education. With 3Doodler Start+ and Flow, there is a 3Doodler for every student, whether primary, secondary, or university level.

We work with teachers and curriculum writers globally to create meaningful classroom materials. All 3Doodler STEM and curricular materials are available for free at: **learn.the3Doodler.com/lessons/**
