# Watercolour Joy

50 sheets of watercolour paper that inspires creativity.

The 'Concept Watercolour Joy' watercolour paper pad comes with 50 sheets and is available in A4 or A5 format. The number of sheets offers enough paper for various projects, whether an extensive series, creative experiments or entire art projects – at a price that will delight you.

With a weight of 300 gsm, the natural white watercolour paper provides a first-class base for colourful, expressive motifs. The cold pressed, slightly textured surface makes colours shine – whether delicate colour gradients or intense details – this paper turns every idea into an experience. Thanks to its surface-sized structure, 'Concept Watercolour Joy' takes up colour brilliantly. Whether watercolour, gouache, acrylic, ink, fine liner or watercolour pencils – anything is possible. The sizing at the head ensures that works can be easily removed and presented in style.

Hahnemühle 'Concept Watercolour Joy' watercolour paper impresses with its high quality at an attractive price. Like all Hahnemühle papers, 'Concept Watercolour Joy' is vegan, age-resistant and acid-free.
