DINIZIA

One product. Three application areas.

DINIZIA

Design tower for three application areas.

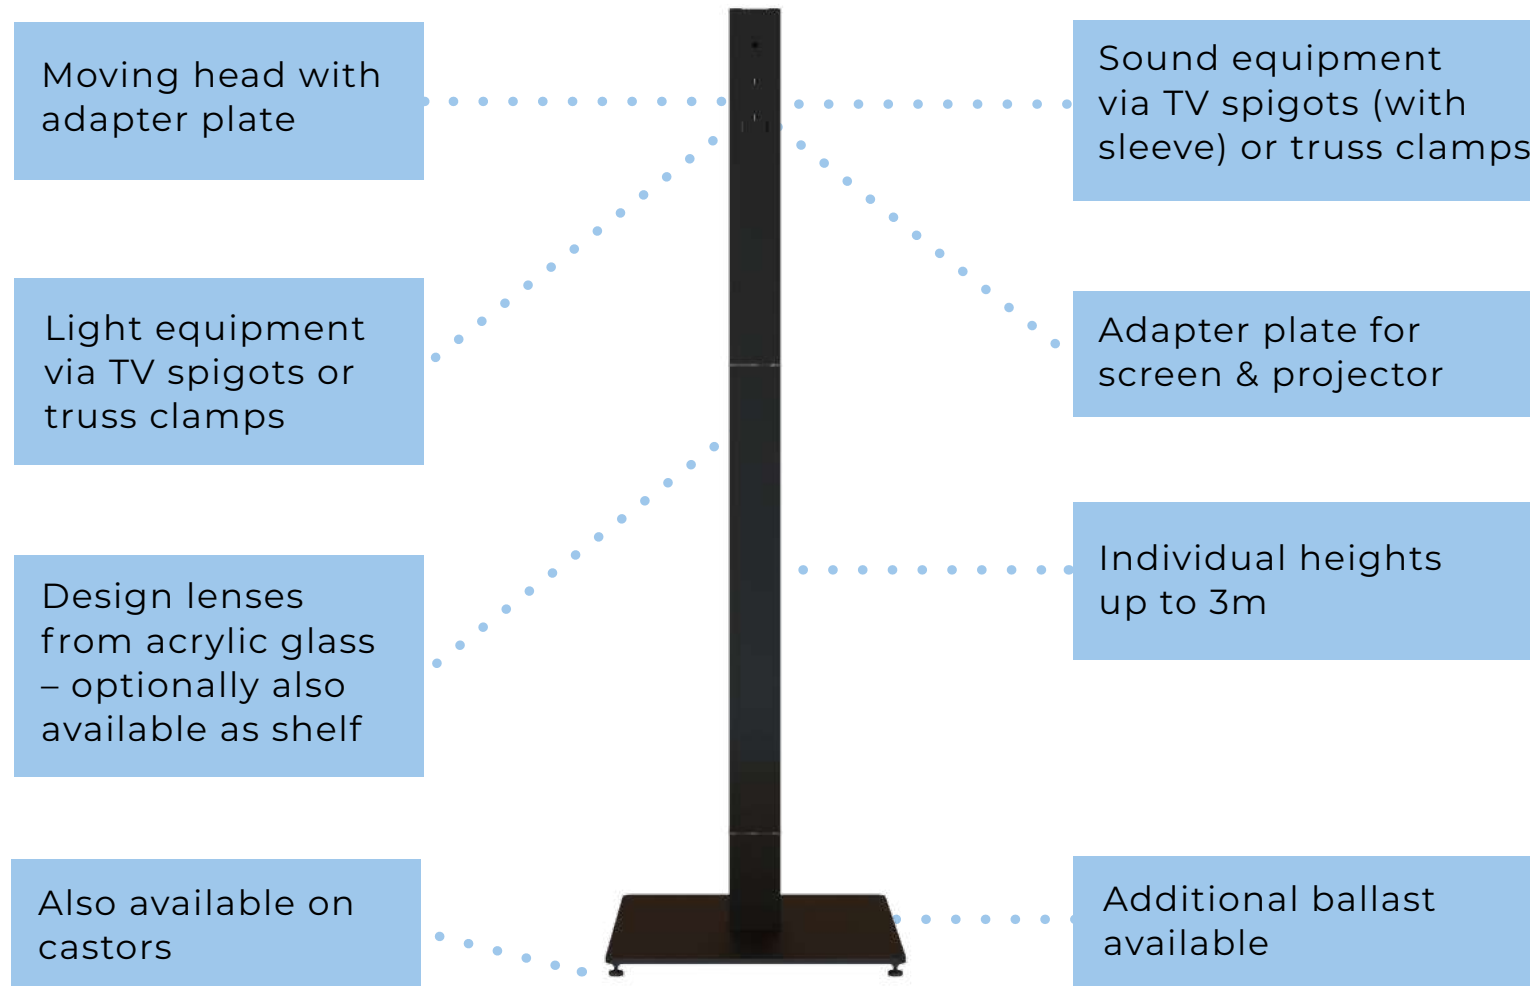

LIGHT

VIDEO

SOUND

excellent design | ultra stable | modular | flexible

One system – countless possibilities

Moving head with adapter plate

Light equipment via TV spigots or truss clamps

Design lenses from acrylic glass – optionally also available as shelf

Also available on castors

Sound equipment via TV spigots (with sleeve) or truss clamps

Adapter plate for screen & projector

Individual heights up to 3m

Additional ballast available

Allround-Head

1x rivet nut M12 suitable for common TV spigots

M12 rivet nut for a common truss clamp

2x rivet nut M10 suitable for narrow truss clamps: mounting of two truss clamps for attaching one truss tube

4x rivet nut M6 for fastening the adapter plate

Mounting holes for screen holder

3x rivet nut M8 for fastening the adapter plate

THE SYSTEM

Slim, stable and elegant. The modular media column "Dinizia" from Mott is able to safely hold and present lighting, sound and video technology at a height of 3 metres.

The 25 kg base plate ensures a secure stand and still guarantees the slim design of the media column. For an even more secure stand, it is also possible to discreetly add even more weight in form of ballast plates to the base plate and stabilise it.

An allround head, which enables a tool-free and very easy connection of, for example, beamers and video projectors and lighting and sound equipment, forms the top of the column. A storage table for laptops, tablets, keyboards, brochures etc. and four castors with brakes for easy transport are optionally available.

# DINIZIA Basic Setup 1

Art. - No. 56300

Height 180 cm

Adapter plate DP1

- Stable construction
- Variety of colours

ADVANTAGES OF THE DINIZIA
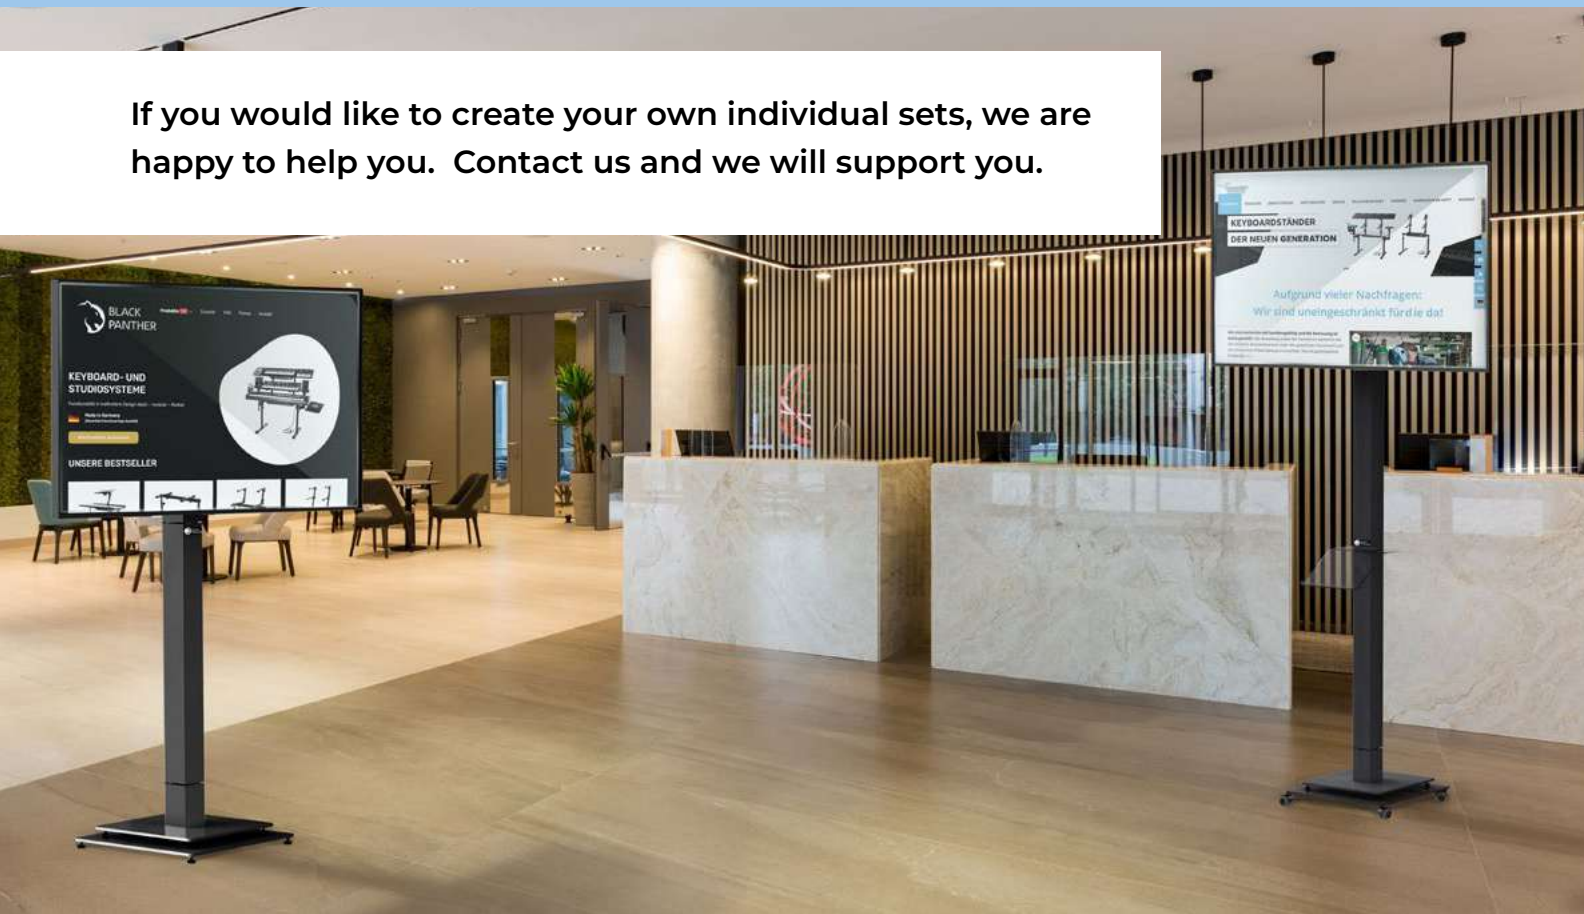

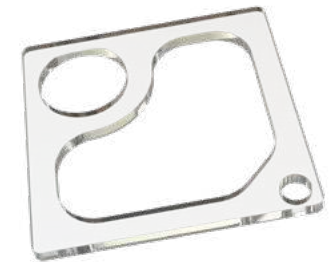

Accessories for assembly (extendable)

Adapter plate DP1

- up to Vesa 400x200
- Dimension: 430x300x3 mm
- Weight: 3 kg
- Art.-No: 56331

Acrylic lens

- Art-No: 55848

Allround head DO1

- Dimension: 298x100x100 mm
- Weight: 2,9 kg
- With cable outlet
- Art-No: 56329

Extension 39

- Length: 39 cm
- Dimension: 586x100x100 mm
- Weight: 4,7 kg
- Art-No: 56328

Accessories for assembly (extendable)

Extension 90

- Length: 90 cm
- Dimension: 1092x100x100 mm
- Weight: 9,9 kg
- Art-No: 56327

Base plate

- Dimension: 415x550x550 mm
- Weight: 24,8 kg
- Art-No: 56326

Ballast plate

- Dimension: 450x450x39 mm
- Weight: 15 kg
- Art.No: 56332

Hook DH1

- Dimension: 270x50x25 mm
- Weight: 0,4 kg
- Art-No: 56330

Acrylic glass shelf

- Dimension: 380x240x140x5 mm
- Weight: 0,64 kg
- Art-No: 56334

Castor set D75 with wheel lock

- Capacity: 75 kg
- Art-No: 60312
