HIRE

Event technology for highest demands

CGS Lighting and Sound Technology from Denkendorf is following this guiding principle since 20 years with extraordinary dedication and the aim to be a long-time and close partner to their customers.

Founded by Christian Geyer as a department of CGS Analysen-, Mess- und Regeltechnik GmbH, Lighting and Sound Technology is part of the CGS group with almost 200 employees from industry and handicraft.

Specializing in the market segment 'Dry Hire', CGS Lighting and Sound Technology provides cus-

tomers with a deep assortment of recognised manufacturers: d&b audiotechnik, Yamaha, Digico, L-Acoustics, MA Lighting, GLP, Robe, SGM, JB Lighting and Martin are but a few examples. Continuous investments in high-quality technology ensure the timeliness of the inventory, thereby ensuring the customer with a high availability rate and an impeccable and maintained functionality of rentable devices.

However, CGS sees itself not only as a pure equipment supplier but also supports its customers with advice and action.

With know-how and experience as well as the in-house vehicle fleet, all challenges can be realized flexibly and quickly.

CGS Used Sale opened in 2019. Here you can buy high-class equipment from the CGS rental park on fair terms. Again, you can rely on first-class advice from the expert CGS staff.

Inquiries at:
CGS Licht- und Tontechnik
Keltenstraße 3
