**Mott is your partner for customized constructions**

## CUSTOMIZED STAIRCASES FOR WORLD TOURS

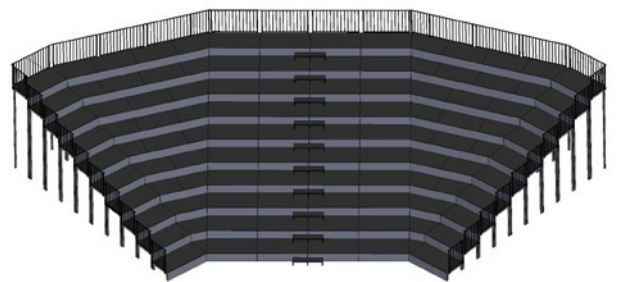

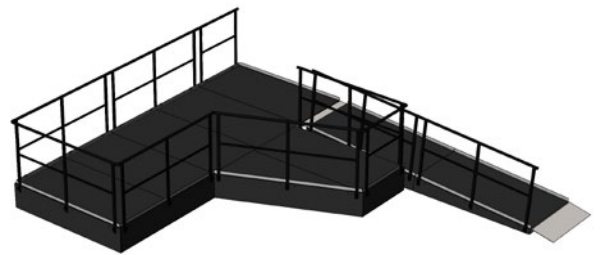

We repeatedly receive requests for customized staircases for concert tours, which can be set up quickly and can be loaded back into the truck after the concert just as quickly. We therefore manufacture the stairs as individual modules and equip them with castors on the back. These castors can be quickly turned round so that the stairs can be easily moved to the desired location. The stairs can be designed in individual dimensions, with different tread coverings or in special shapes such as curves.

# CUSTOMIZED STAGES

## CHOIR PLATFORMS, GRANDSTANDS, STAGE AREAS AND MUCH MORE

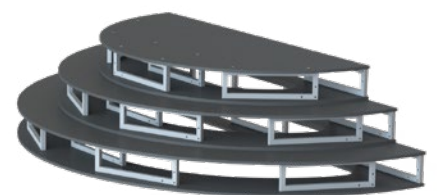

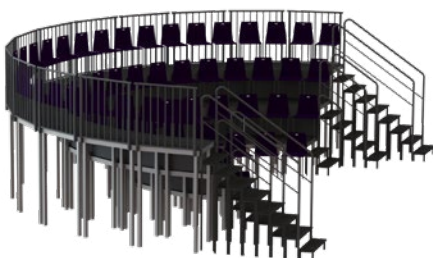

Regardless of the purpose for which you need a customized construction, we will work with you to develop a customized and unique solution. Our focus is on your needs, the maximum benefit and your satisfaction.

## **SPECIAL SHAPES:** circle, triangle, trapezoid or octagon

Our extensive product portfolio and our own production facilities enable us to work with you to develop economical and customized solutions. From measurement over designing to assembly, we support you in the realization of your project.

If you can imagine it, we can build it. Our aim is to always deliver the best possible system. We use our engineering expertise to realize your vision.

# CUSTOMIZED DESIGNS

## CHRISTMAS TREES FOR A CHRISTMAS SHOW

For the Christmas show of one of the most successful German jazz trumpeters we planned special steel Christmas trees for one of our customers in the event technology sector. We planned the Christmas trees and made them out of steel, welded and powder-coated them. These constructions were specially designed for high-quality LED panels and created a breathtaking stage set.

## CUSTOMISED TRANSPORT SYSTEMS ACCORDING TO YOUR REQUIREMENTS

Every business has its own requirements - which is why we not only manufacture transport systems according to standard dimensions but are also your expert partner for customized solutions. From design to complete production: Mott has the right solution for every transport requirement. Whether for stage platforms, railings, stage accessories or other equipment. Let us know your requirements and we will plan a customized transport system for you!

Tell us your wishes and we will plan a customized transport system for you!
