LUXiBEL

Flexible entertainment lighting

Luxibel is all about creating lighting that's easy to use and flexible for the entertainment world. Our lights work well in many different situations, making sure our customers get a great product that's worth their investment.

Our products are perfect for a wide range of applications, including Film & Television, Architainment, Theatre/House of Worship, Live Entertainment, and even Exhibition/Museum/Retail settings. The 'X' in Luxibel represents this incredible versatility.

Our products originate from our Belgian R&D center, ensuring top quality through rigorous control both in manufacturing and at our headquarters. Emphasizing durability, we offer long-term value enhanced by AED group's dry hire support, maximizing investment returns for our clients.

With a global reach, Luxibel maintains a personal approach, understanding and meeting the unique needs of clients worldwide. We're more than a lighting company; we're a partner in creating extraordinary entertainment experiences.

XFR-140C

SMALL, HIGH-POWER, FULL COLOR LED FRESNEL

The XFR-140C is a compact but powerful RGBL fresnel light with an adjustable zoom from 21° to 85° and a 4-leaf barndoor. The fixture has the capacity to go full color but is also designed to match the white color temperatures of the Luxibel B EXPO 100MWW, 200MWW and 200MCW utilizing its 6 DMX modes. The fresnel now includes a convenient USB slot for software updates, simplifying the process for up to 10 DMX-linked fixtures simultaneously. Another novelty of the fixture is the calibrated LEE filter library with various common colors in the industry.

Features

Optional white cover kit	4-leaf barndoor	Manual zoom 21°-85°	OLED display	One-hand tilt locking system

Accessories

Included: doublelatched 4-leaf barndoor with safety, powerCON True1 M/F connectors
Optional: n/a

B BLAST

HIGH-OUTPUT CW STROBE BAR WITH RGB PIXELS

The Luxibel B BLAST, a dynamic strobe bar, brings vibrant and engaging visual effects to clubs, bars, and DJ booths. Featuring 120x3W Cool White and 0.3W RGB LED bulbs, it combines striking strobe effects with captivating RGB pixels for an immersive atmosphere. Its design supports extended, continuous lighting effects with easy integration into existing setups, thanks to Art-Net™, sACN, and DMX protocol compatibility. The B BLAST's extended mode allows for individual RGB pixel control, offering a broad palette for creative lighting designs.

Features

| Built-in colinear coupler | RJ45 in-out ArtNet & sACN | Multifunctional LED display | Individual pixel-mapped | Bracket included |

Accessories

Included: collinear coupler, bracket, powerCON True1 (bare end)
Optional: n/a

MULTI DOLLY

PRE-RIG, PRE-PRODUCTION AND TRANSPORT DOLLY SYSTEM

The MULTI DOLLY, presented by Luxibel is a revolutionary pre-rig, pre-production and transport dolly system. The foundation of this dolly is a black frame, useable in combination with Tente wheels on the side or on the bottom. The frame can therefore be used in multiple set-ups. It can be used horizontally or vertically in combination with standard NX34 square truss, standard size, or with solo tubes.

Compatible with:
- Tente wheels
- NX34 truss
- Solo tube

DOLLY COVER

RAIN AND DUST PROTECTION FOR TRANSPORT DOLLIES

Rain and dust protection for transport dollies. Introducing the ultimate solution to safeguard your light fixtures and equipment from dust and sand, and from unpredictable weather conditions. Its transparent design on the front and back allows for visibility, making it easy to identify gear on the job without having to remove the cover. Two sizes are available: standard size and half size. Both feature convenient zippers that ensure quick and easy access to your equipment. The tall cover is also compatible with the MULTI DOLLY.

Two cover sizes available:
- 1600 x 850 x 600 mm (WxHxD)
- 1600 x 1850 x 600 mm (WxHxD): Compatible with MULTI DOLLY
