

VISOFT VISION

Room configurator for Web, Mobile and TV

ViSion
powered by ViSoft

VISOFT VISION is the configurator for your website, tablet, POS station or TV in your showroom.

ViSoft ViSion creates a space to experience styles, colors and trends. Playfully explore tiles, wood, laminate, grouts, wall colors, doors and more.

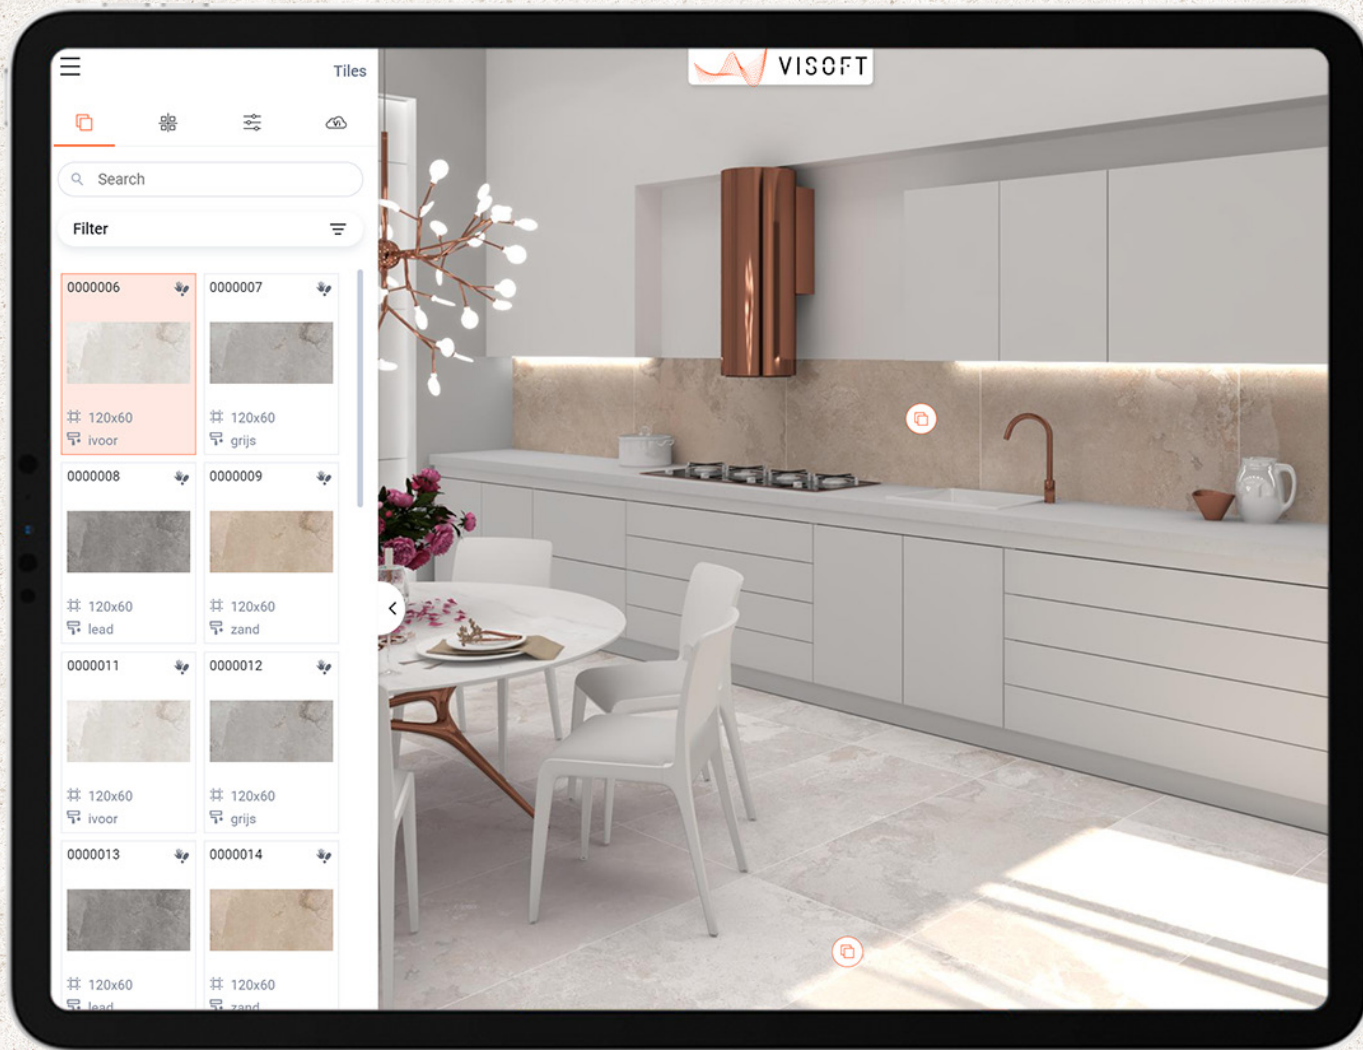

vision.visoft.de

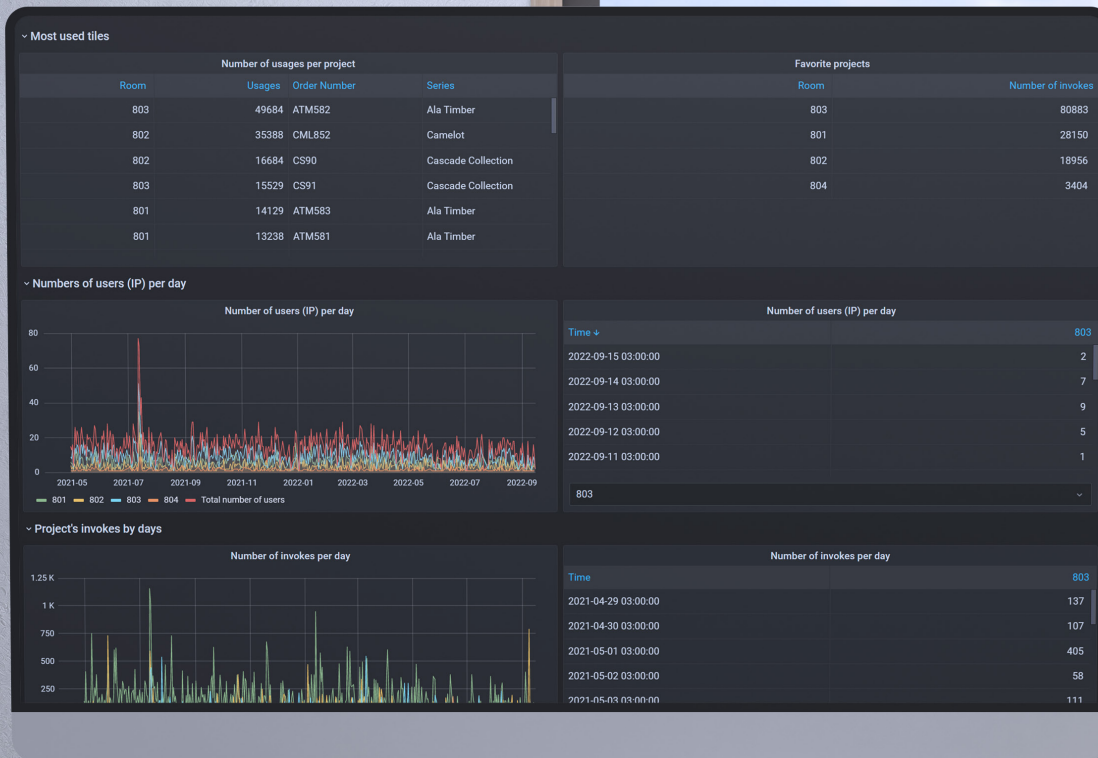

VISOFT VISION is either fully customized upon your requirements with your corporate design, your custom rooms and database with your own order numbers, or you rely on our standard rooms and vast database with all the latest series from all major manufacturers.

With its clear simplicity ViSoft ViSion is suitable for both the end user and the sales consultant.

AVAILABLE WHERE YOU NEED IT

- ✓ Online configurator on your website
- ✓ TV/POS/touchpad solution for the showroom
- ✓ For use by the sales consultant on a tablet

MEASURE AND EVALUATE YOUR TRAFFIC

With our online dashboard solution you can track the usage of your configurator down to the product level.

THE NEW VISION 3D FOR SANITARY AND FURNITURE

Vision 3D is your versatile new sanitary configurator.
Become the director of your product staging.
