

AI SXPRT

Building outnovation for safety

INNOVATION TO SAVE YOU TIME.

•• AIS

At AIS Building Outnovation we grow and develop in order to provide innovative solutions to improve and enhance the work our clients undertake.

AIS XPRT

Our commitment to innovation has led to the development of **AIS XPRT**, a product designed to create secure installations in less time. Thanks to the new **Leak Before Press** function, **AIS XPRT** reduces installation time and improves reliability.

TIME

removing the pipe chamfering stage.

RELIABILITY

its patented profile prevents the displacement of the joints and creates a perfect seal.

Furthermore, **AIS XPRT** the first press test⁽¹⁾ means that it is possible to check that the work has been carried out correctly, leaving the installation in perfect working order from day one.

A SUCCESS STORY WITH EACH INSTALLATION

AIS XPRT is the perfect product for completing high-quality work, given that each of its attributes has been designed to respond to the most demanding professional requirements.

EASY INSTALLATION PROCESS

With **AIS XPRT** the chamfering stage is removed⁽²⁾ and fitting it in the pipe is easy.

PROVIDES MAXIMUM RELIABILITY

We have designed a patented anti-drag profile with three low profile O-ring seal joints that provide triple the security compared to other similar accessories.

ACHIEVE GREATER EFFICIENCY

You can increase water flow by 22%.

METICULOUS DESIGN AND EASILY ADAPTABLE FOR LARGE FORMATS

AIS XPRT comprises a range of pieces up to 75 mm in diameter.

**LEAVE A SECURE IMPRESSION ON EACH JOB. WITH
AIS XPRT, YOUR INSTALLATION IS SECURE FROM DAY ONE.**

(1) Subject to recommended press test instructions.

(2) We recommend calibrating for dimensions of 25 mm and above in order to facilitate the introduction of the accessory.
