# downtown

When we developed the Downtown range, our paramount concern was to fulfill our commitment to providing consumers with a consistently clean, comfortable washroom experience. The Downtown offers the perfect solution for projects that require both an exacting design aesthetic and the very highest performance standards. With its exclusive design and quality finishes, it suites perfectly to high-specification commercial washrooms and changing areas.

Our approach is also environmentally friendly, as we bring a strong focus on saving water and minimizing energy consumption. all-in-one, plug and play ensuite for your public bathroom up to 3,5 meters in one pcs for 1 to 5 users

# downtown

Many hand washing systems combine parts and pieces from various manufacturers which may not work perfectly together.

Downtown Collection - a system that streamlines the restroom ecosystem through a single-source manufacturer. Reduce installation time, increase effectiveness, and maintain reliability.

Powerful performance, easy and quick installation, flexibility in sizes and combinations a stunning hand-washing system for hotel and residential suites and public lavatories. The most user-friendly, design-forward hand washing product on the market today.

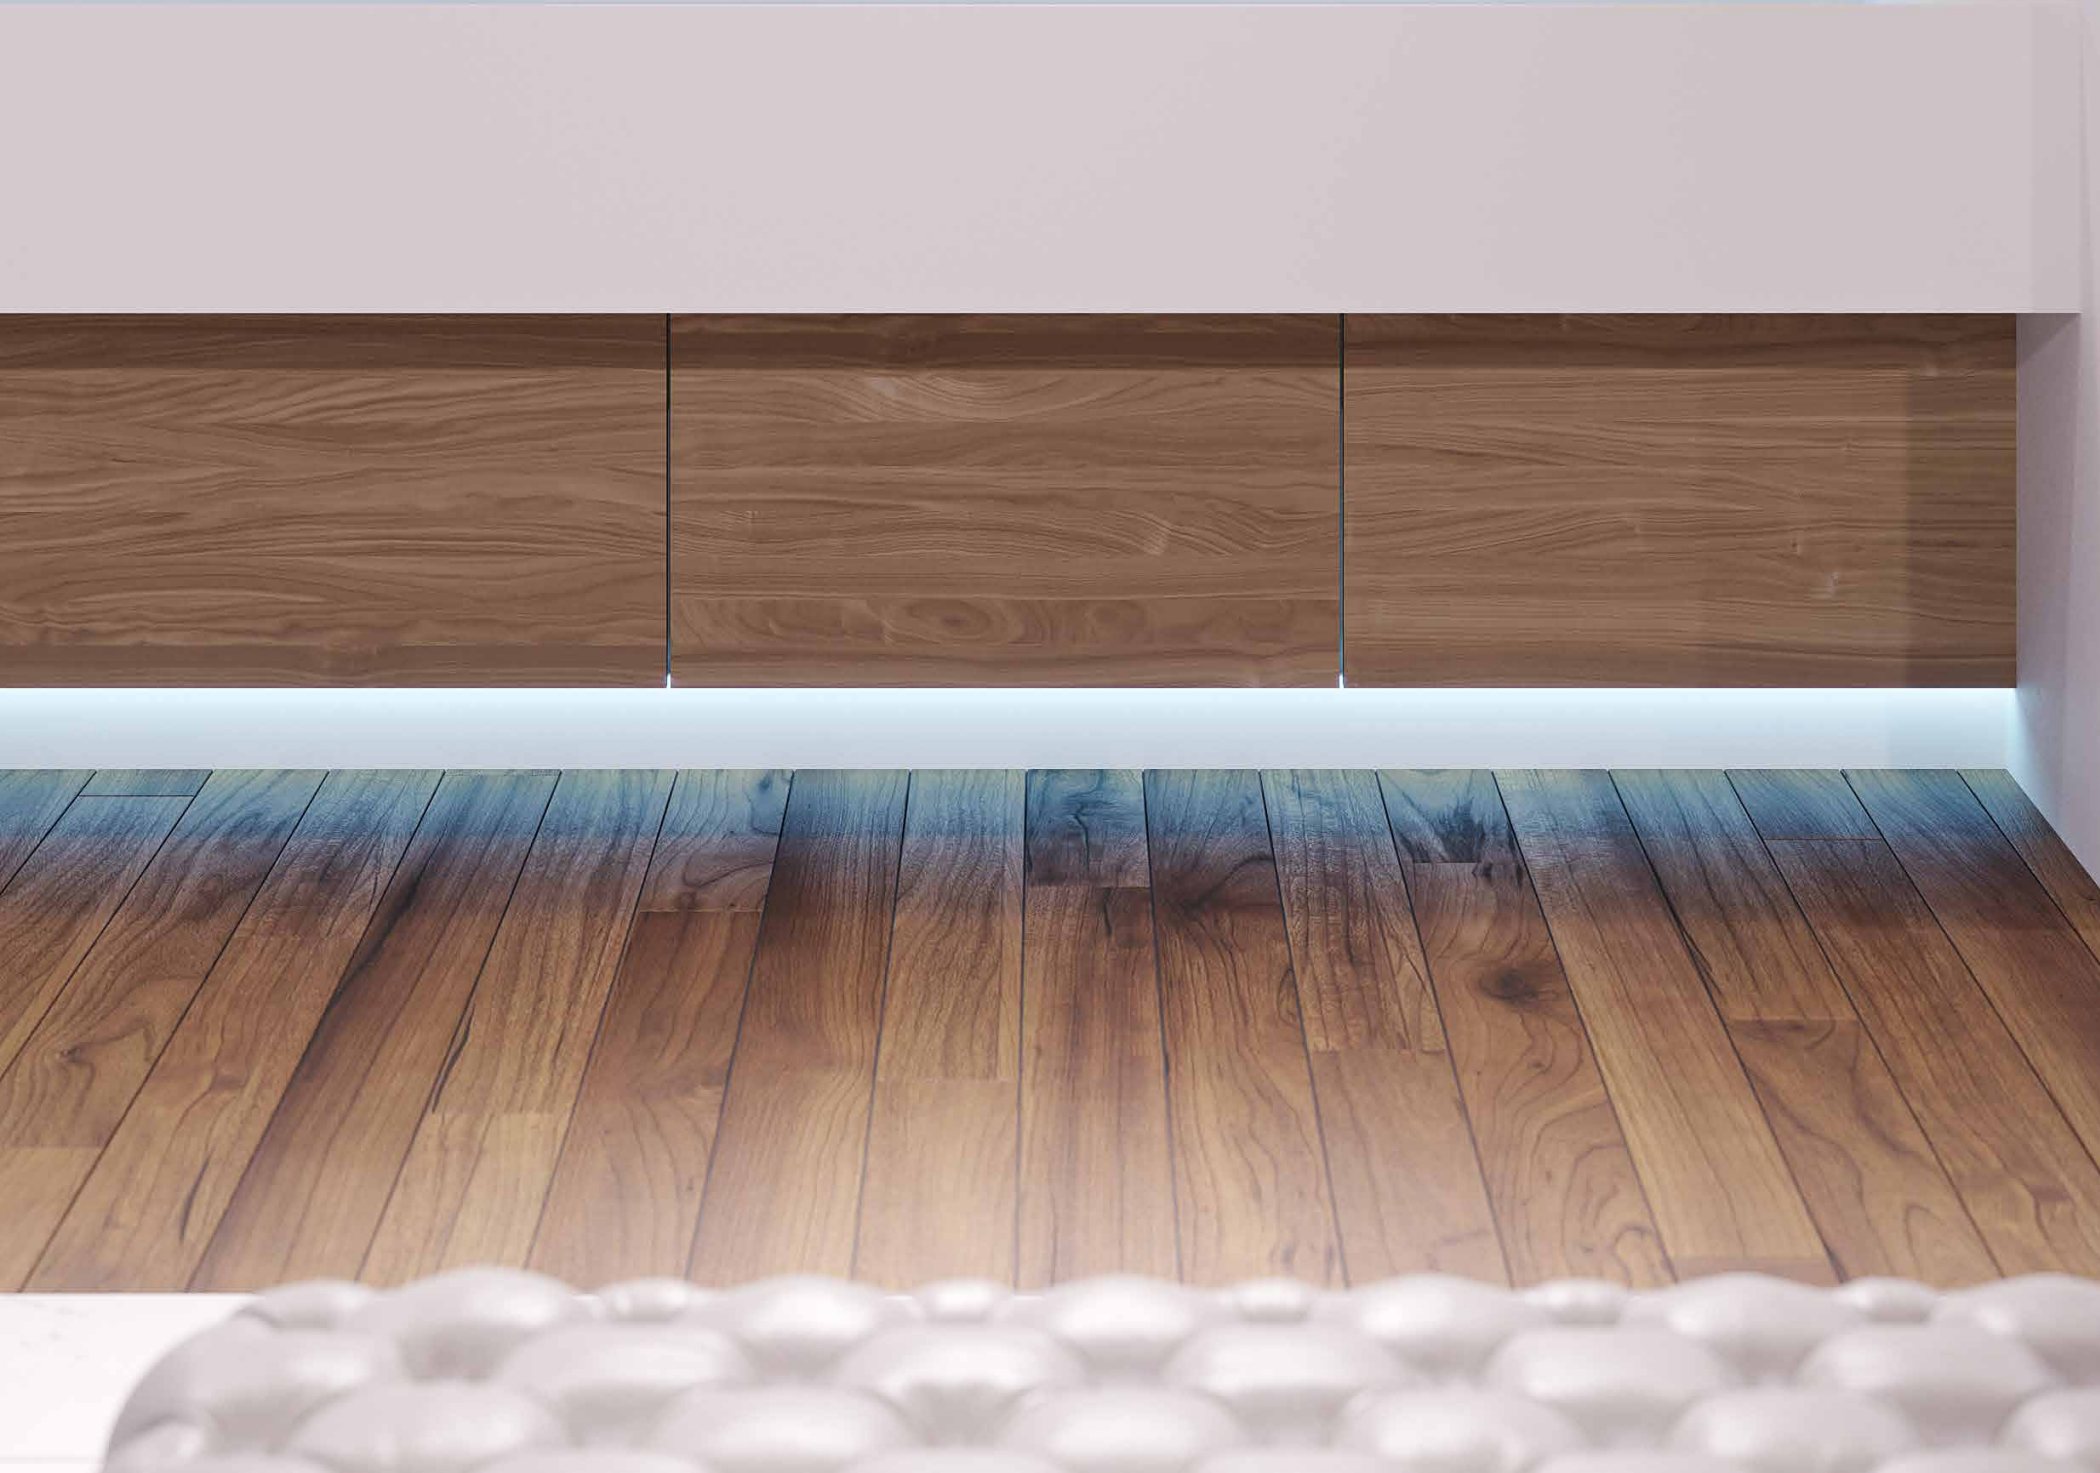

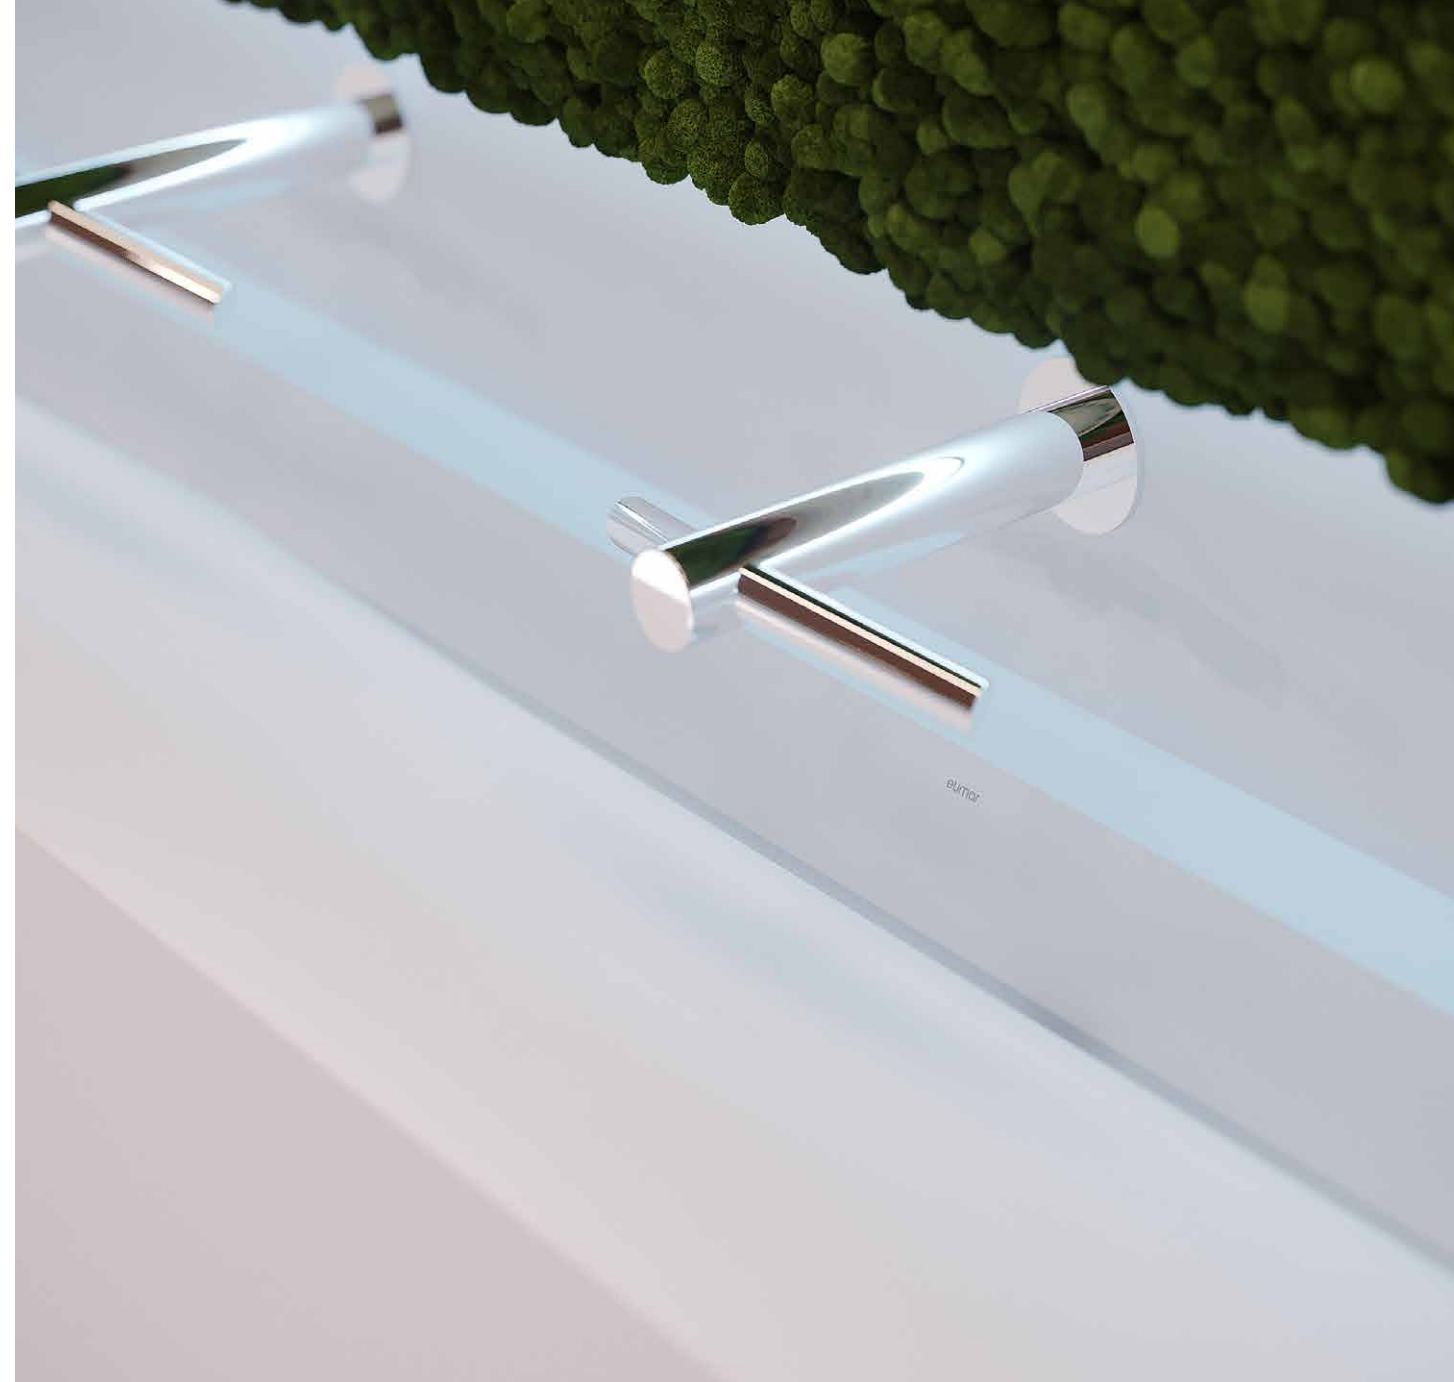

Eumar Downtown representing a long-term investment in line with the brand image and the quality of your institution
