ABOUT US

Since 2002, Senlia, as the famous manufacturer and Brand in China, have been supplying LED mirrors, medicine cabinets and shower enclosures , to Kitchen and Bath Brand Holders, On-line Shops, Superstores and Builders all around the world.

In China Shower-room Production Base, Senlia owns more than 30 thousand square meter workshop with 4 production lines to meet for different market's requirement. With the advanced equipments, our production capacity has come to 30 thousand pieces per month.

We adopt ISO9001 quality management system, " 7S " management and ERP system to make accurate production processes control , and offer guarantee for the right products and accurate delivery time to our final customers.

Our skilled QC team from IQC, PQC, FQC to OQC , strictly controls each step from raw material to the final products. All Senlia products pass many tests in our full-equipped of CE standard testing lab, for example, salt spray test, life test, water leakage test, glass tempering test, impact test, package drop test and assembly test before the product puts into mass production. We have experienced R&D team and after-sales team to offer you our professional solutions and services. We care what you care! Senlia is and will always be your long-termed solid partner!
