LA NOSTRA STORIA

Our history / Notre histoire

Una lunga storia fatta di qualità, di materie prime selezionate, di tanta tecnologia e dell'abilità di lavoratori competenti che mettono passione in quello che fanno.

La loro storia si legge nelle loro mani, che raccontano il passato e indicano il futuro. E primo fra tutti **Piero Sassi**, fondatore di Sassi Piero Srl che, da sempre, si è impegnato per ottenere un prodotto di qualità dallo stile prettamente **Made in Italy**, anche nei minimi particolari.

Sassi Piero Srl opera nel settore della rubinetteria **dal 1955**, anno in cui il suo fondatore - Piero Sassi - apre il primo stabilimento in C.so XXV Aprile a Gozzano, e diventa da subito un punto di riferimento nel settore della produzione degli accessori idrosanitari a completamento del bagno.

OLTRE 7000 MQ

per rispondere alle richieste del mercato internazionale della rubinetteria.

Over 7000 square meters dimensions of the plant to meet the demands of the international taps and fittings market / Plus de 7000 m² pour répondre aux demandes du marché international de la robinetterie.

Nel corso degli anni, l'Azienda allarga la propria gamma di produzione e si affaccia al mercato internazionale diventando simbolo di solidità, tradizione, autorevolezza e qualità del prodotto in termini di durata e di design.

Nel 1998 la crescita è tale da portare la Società a spostarsi in un nuovo stabilimento di oltre 4000 mq, sito in via Morena 30/1 a Gozzano, tuttora sede degli uffici e della produzione, a cui si affiancano due depositi che occupano una superficie di oltre 3000 mq.

Sassi Srl has a long history of quality, of selected raw materials, of so much technology and the ability of competent workers who put passion into what they do.

Their history reads in their hands, which tell the past and indicate the future. The first one has been Piero Sassi, the founder with his hard work to obtain a quality product with a pure Made in Italy style, even in the smallest details.

Sassi Piero Srl has been operating in the taps and fittings sector since 1955. In that year its founder, Piero Sassi, opened its first plant in C.so XXV Aprile in Gozzano. At once, it became a reference point in the sector of the production of sanitary accessories to complete the bathroom

Over the years, the Company is expanding its range of products and emerging on the international market by becoming a symbol of solidity, tradition, authority and product quality in terms of durability and design.

In 1998 the growth was such as to lead the Company to move to a new plant. An establishment of more than 4000 square meters, located in via Morena 30/1 in Gozzano, still the headquarters of offices and production, with two warehouses that occupy an area of more than 3000 square meters.

made in Italy

Une longue histoire faite de qualité, de matières premières sélectionnées, de beaucoup de technologie et de l'habileté de travailleurs compétents qui mettent de la passion dans ce qu'ils font.

Leur histoire se lit entre leurs mains, qui racontent le passé et montrent le futur. Et le premier d'entre eux, Piero Sassi, fondateur de Sassi Piero Srl, qui s'est toujours engagé pour obtenir un produit de qualité au style strictement Made in Italy, même dans les moindres détails.

Sassi Piero Srl travaille dans le secteur de la robinetterie depuis 1955, année où son fondateur - Piero Sassi - ouvre la première usine en C.so XXV Aprile à Gozzano, et devient immédiatement un point de référence dans le domaine de la production des accessoires sanitaires en complément de la salle de bain.

Au fil des ans, l'Entreprise élargit sa gamme de production et apparaît sur le marché international en devenant symbole de solidité, tradition, autorité et qualité du produit en termes de durabilité et de design.

En 1998, la croissance est telle qu'elle adresse la Société à se déplacer vers une nouvelle usine de plus de 4 000 m², située en via Morena 30/1 à Gozzano, toujours le siège des bureaux et de la production, à côté de deux entrepôts qui occupent une surface de plus de 3 000 mètres carrés.

SHOWROOM

Prova la qualità nel nostro Showroom.

La consapevolezza dei processi produttivi dello stampaggio in lastra, della lavorazione e della piegatura dei tubi trafiletti in ottone determina una proposta ampia e completa capace di soddisfare ogni tipo di esigenza. La gamma di prodotti Sassi si suddivide in quattro linee: dal Soffione Doccia (da colonna e da muro) alla colonna doccia; dal braccio doccia a tutti gli accessori utili per il completamento dell'impianto idraulico (piastre, rosoni, cappucci, cannotti per sifone, tubi, rompigetto e tutti i componenti e gli elementi collegati all'idrosanitaria per il bagno).

Try the quality in our Showroom.

The awareness of the production processes of sheet moulding, machining and bending of extruded brass determines an extensive and complete proposal capable of satisfying every type of need. The Sassi product range is divided into four lines: from the Shower Head (column and wall) to the shower column; from the shower arm to all the accessories needed to complete the hydraulic system (plaques, rosaces, taper, straight tubes, pipes, jet breakers and all the components and elements connected to the bathroom sanitary).

Testez la qualité dans notre salle d'exposition.

La prise de conscience des processus de production du moulage en plaque, de l'usinage et du pliage des tubes étirés en laiton détermine une proposition vaste et complète capable de satisfaire tous les types d'exigences. La gamme de produits Sassi se subdivise en quatre lignes: à commencer par les pommeaux de douche (colonne et mur) à la colonne de douche ; du bras de douche à tous les accessoires nécessaires pour compléter le système hydraulique (plaques, rosaces, capuchons, tubes pour siphon, tuyaux, brise-jet et tous les composants et éléments connectés aux sanitaires de la salle de bain).

QUALITÀ

Quality / Qualité

Sassi Piero Srl offre una vasta gamma di accessori idrosanitari per il bagno che rispettano tradizione e innovazione sia nella forma che nel design.

La qualità delle materie prime e l'esperienza acquisita si denotano nella scelta e nella lavorazione di acciaio inox, ottone e rame.

Sassi Piero Srl offers a wide range of taps and fittings accessories for the bathroom that respect tradition and innovation both in form and design.

The quality of the raw materials and the experience acquired become evident by the choice and processing of stainless steel, brass and copper.

Sassi Piero Srl propose une vaste gamme d'accessoires sanitaires pour la salle de bain qui respectent la tradition et l'innovation, tant dans la forme que dans le design.

La qualité des matières premières et l'expérience acquise se traduisent par le choix et l'usinage de l'acier inoxydable, du laiton et du cuivre.
