Complete Hygiene, Freedom From Insects & Foul Smell

- Respite from Poisonous Insecticides
- Round The Clock Protection
- Freedom From Foul Smell
- Freedom From Chocking of Drains.

ANTI RUST MATERIALS

EASY TO CLEAN

Care Note : Please avoid using any harsh chemicals or acids. It's easy to maintain. Washing with Soap water will suffice its cleaning at most times.

FEATURES:

- No insect menace through floor drain.
- Though time to insects like cockroaches, etc.
- Prevents foul odour.
- Stop poisonous gases.
- Prevent choking of drain, allows no dirt to pass through the strainer/bowl/basket.
- No need to spray chemicals or foul smelling insecticides.
- Safe for children and elders.
- Ideals for kitchen, Bathroom, Home, Terrace, Mall, Offices, Balcony & all other possible drainage areas.
- Easy to install. • Easy to clean. • Easy water drain..

HAPPINESS OF YOUR BATHROOM

WARRANTY TERMS & CONDITIONS

1. **VENETO** products covers 10 years warranty in domestic use and 1 year warranty in commercial use. warranty will start from sale date of products to the original purchaser. warranty will cover only service of the product. (please refer warranty matrix)
2. **VENETO** and its authorized customer care center will solely make repairs or replacements under this warranty within a reasonable period of time as determined by **VENETO** or its authorized customer care center.
3. The warranty is only effective if proof of purchase (original invoice\warranty card) is provided with all warranty claims or requests.
4. The service / repair of the warranty shall be provided only within the municipal limits of the city, where the branch office of **VENETO** or authorized customer care center is located.
5. The warranty does not include payment or of responsibility for any central gst, state gst or other local\government taxes assessed to the parts supplied or repaired during the warranty period.
6. If the product is installed beyond the municipal limits of **VENETO** branch office/customer care center locations, any and all costs and expenses incurred for repair/service of the products in respect of to and for travel of service personnel and transportation of the product and/or spare parts and/or components from the location of **VENETO** branch office or authorized customer care center location and back shall be borne wholly and solely by the customer at the prevailing rates, and **VENETO** shall not be liable for any damage caused to the product in transit or delivery for repair.
7. Warranty period will start from date of invoice and shall automatically terminate upon the expiry of the warranty period even if the product has not been installed after purchase or has not been in the use for any part or whole of the warranty period for any reason whatsoever.
8. In the event of any repairs/replacement of any parts of the product, this warranty shall thereafter continue and remain force only for the unexpired period of the warranty. any time consumed for the repair/replacement of parts including transit of the product or its parts on any period during which the product has not been used whether under warranty or otherwise shall not be excluded from the warranty period and no extension of the warranty period will be granted.
9. This warranty remains applicable only if the product has at all times been used strictly in accordance with the terms of this warranty and has not been improperly or negligently handled.
10. The warranty is not valid or effective if the products are not installed according to the installation guidelines.
11. The warranty doesn't cover any type of colour fading, plating and components like washer, rubber, spring and other plastic parts.
12. The warranty does not cover problems arising from insufficient water pressure beyond the recommended limits, excessive water impurities/hardness beyond the norms of drinking water or improper care and cleaning.
13. The warranty doesn't cover if service is done by unauthorized person or agency.
14. **VENETO** is not responsible for labor charges, installation or other incidental or consequential costs. **VENETO** is no responsible or liable for any special or consequential damages due to the defective product, or due to defects of any component or part thereof. in no event shall the liability of **VENETO** exceed the purchase price of the product.
15. In the event of non availability of components or parts due to any reason whatsoever, neither **VENETO** or its authorized customer care center or the dealer will be responsible or liable for any delay that may be caused to service/repair of the product. in the event that the same model or colour is not available for replacement, **VENETO** or its authorized customer care center will replace the defect product with the available model or colour.
16. **VENETO** may, at its discretion, retain any part or component replaced during the warranty period.
17. In case of conflict of opinion, the final decision should be vested with **VENETO**.

CUSTOMER INSTALLATION GUIDELINES

1. To ensure uninterrupted pressure of water, it is advisable to keep the pipelines straight with minimum number of bends and all the supply lines must have vent pipes. vent pipes help in removing air-locking in the water supply to give a smooth flow of water from the fittings.
2. Operating water pressure minimum 1 bar is required for all type of diverters & flush valves and showers. 25mm pipelines shall be used rather than 20mm which will help in overcoming scaling inside the pipelines and will allow sufficient space for the water to flow.
3. Prior to plastering or fixing tiles, test the working of all the installed concealed fitting on the high pressure to check for leakage, if any.
4. Place the outlet point in the overhead tank at least 25cm above the ground level of tank. this prevents the flow of foreign particles, sand, etc along with water supply into the fittings and thereby prevents the possible damage to the working parts. clean the tank thoroughly before the supply starts. it is suggested that the overhead tank must be cleaned at regular intervals to avoid inflow of foreign particles.
5. To protect the fine finish of fitting from the dirt, stains and other damages during construction, cover them with cloth or polythene after their installation, till they come into actual use.
6. Do not over tighten the faucet to the wall / wash basin. **VENETO** is not liable or shall not be responsible for any such damage or for improper installation.
7. Ensure your water hardness level is as per acceptable limit of drinking water. you can install water softener to lower water hardness level.
8. Always purchase VENETO parts\products from **VENETO**'s authorized service centre\dealers to ensure genuine quality material.

CARE AND MAINTENANCE DO'S

1. Clean the fitting regularly with soft sponge or wet cloth with soapy water to remove scaling or stains. do not use strong detergents or abrasive material like a bristle brush or scouring pad as this may cause damage to the chromium finish on all **VENETO** products.
2. Remove and clean the aerators from time to time to increase longevity and clean the dirt sedimentation, thus avoiding clogging. for perfect foam flow of water.
3. Wipe surface clean and rinse completely with water immediately after applying cleaners.

DON'TS

1. Do not allow cleaners to sit or soak on the product.
2. Cleaning products containing the chemicals can cause bathing product to crack or discolor.
3. Containing these chemicals will void this warranty: naphtha amyl acetate hydrogen peroxide solution (common hydrogen peroxide) lye (common in drain cleaners) acetone.
