

KELOX

PROTEC CLIX

- ◆ Patented safety mechanism
- ◆ Audible click on insertion
- ◆ Safety in 3 senses:
Listening, feeling, seeing

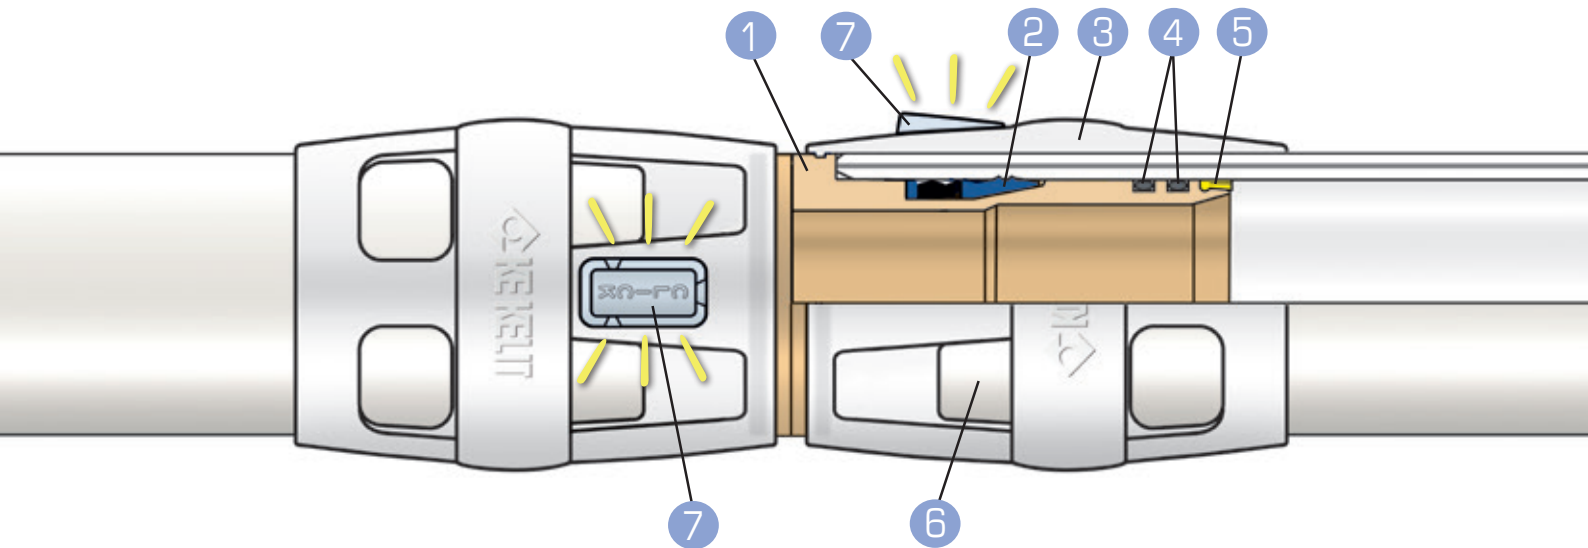

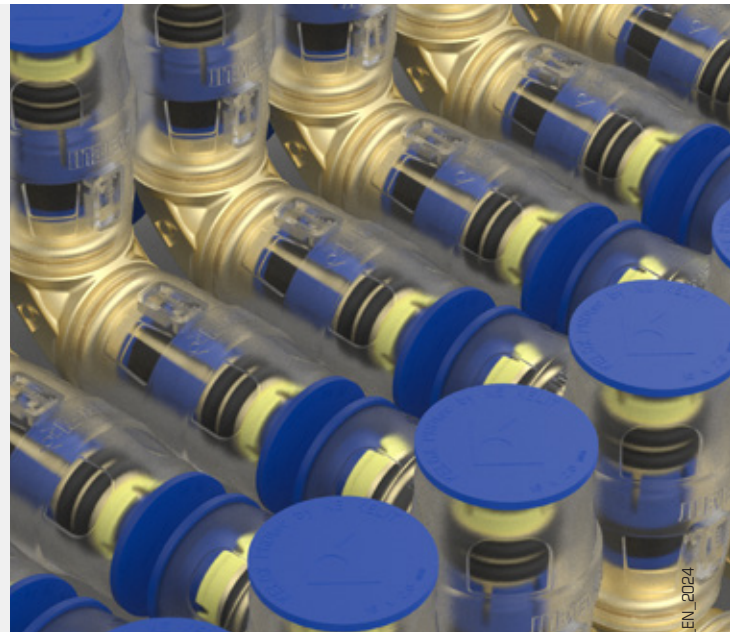

Product video

HEAR IT, FEEL IT, SEE IT – LOVE IT!

The patented safety mechanism ensures safety in three senses – listening, feeling and seeing. An audible click is heard when the required insertion depth is reached. A visible and tactile indicator on the sleeve also indicates successful completion of the insertion process, ensuring maximum reliability and safe installation.

- ❶ Body of the fittings made of high quality brass d16-32mm
In addition, you can choose from couplings, 90° elbows, tee pieces, wall plates and adapters of sizes d16-25mm made of high quality PPSU
- ❷ 2K GRAB RING holding component made of glass fibre-reinforced polyamide and elastomer
- ❸ Push-on sleeve made of transparent polyamide
- ❹ Two synthetic, ageing-resistant EPDM O-rings
- ❺ Protector ring made of high-strength plastic – prevents the insertion of uncalibrated pipes
- ❻ Closed viewing window
- ❼ Patented safety mechanism – Safety in three senses: Listening, feeling, seeing
