MAIN ADVANTAGES

CRYSTAL ENAMEL®

High quality glass lining technology

Inner tank protection from corrosion helps to extend the lifetime of the water heater

Hygienic – nickel free, cobalt free

THERMOGEN®

Polyurethan insulation foam developed in Dražice

Making our tanks more energy efficient and bringing them in to higher energy class

Now in 4th generation with higher density

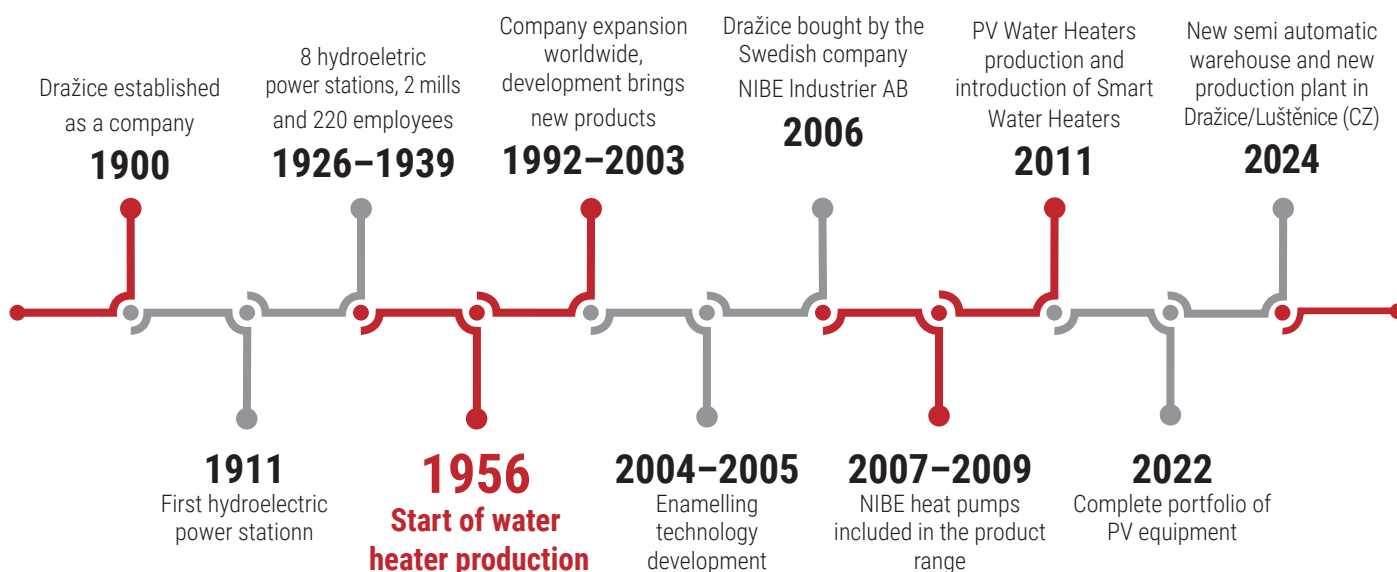

CERAMIC SOLUTION®

Ceramic heating element made in Dražice

Covered by the glass lined flange – no direct contact with water = no electric/chemical reaction

Available in power from 1,1 kW up to 12 kW

WE HAVE HISTORY!
