# A PERFECT SYMBIOSIS OF COLOURS, MATERIALS AND SHAPES

Responsible for producing a distinctive and appealing visual language **Sanindusa's design** element has been present since its genesis. It comprises the whole creative process which expresses the vision of its creators and mirrors the company's positioning. It does not stop in the piece's aesthetic, instead it gathers the visual attributes with the functional ones, making interaction both as beautiful as practical and natural.

The pieces are conceived in a **perfect symbiosis of colours, materials and shapes** which allow a fluid interpretation of the elements and elevates the user experience.

By following their core elements the company has achieved ongoing **brand recognition, awards and return**.
