

## COMPANY PROFILE

RIGHI S.p.A. is a long tradition Family Company which was grounded in 1850 and started playing an active role in the hydro-thermosanitary field since the early 30ies, being a honorary member of the Chamber of Commerce of Novara, Italy.

We are certified ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018.

We are a top-rated manufacturer of a broad range of sanitary fittings, our products are 100% Made in Italy in our three plants located in Armeno and are exported all over the world.

Our range of products:

- (s-)connectors (also provided with our patented KTW-certified noise reducer);
- (s-)valves (also provided with our patented filtering system);
- rosaces;
- wall plates;
- sleeves;
- caps for press fittings etc.

Tailored products, up to customer drawing, are also regularly engineered by our R&D department, toolings and moulds are built-up internally in our mechanical department.

Our Company is internationally renowned for its top quality and flexibility, joined to a considerable production capacity.
