SINCE 1993

COMPANY INTRODUCTION

Established in 1993, Zhongshan Yijin is now one of the leading Stainless Steel fabricators in China. Our business began with manufacturing decorative products and has become a trusted name in delivering numerous projects to clients worldwide since 2005.

We are a pioneer in employing automation with hand fabrication techniques. With our commitment to excellence and customer satisfaction, we embrace innovation and constantly seek improved ways to meet the evolving needs of our clients. Our team stays up-to-date with the latest industry trends and technologies, allowing us to offer cutting-edge solutions.

Furthermore, we are ISO 9001:2008 certified and attained the CE standards.

Going forward, Yijin continues to dedicate itself wholeheartedly to the vision and mission of Yijin – Evolving Beyond Expectation.

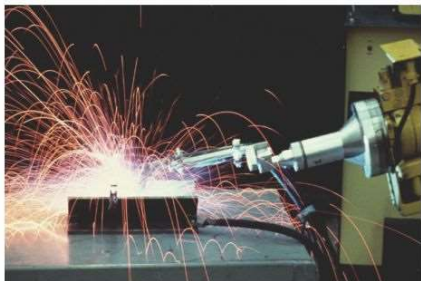

ENHANCE COMFORT, HYGIENE AND EFFICIENCY

We commit to delivering a well-designed and reliable sanitary system that enhances comfort, hygiene and efficiency.

To make sure that this guiding principle does not merely remain lip service, our harmonised product solutions support specifiers, clients, and operators in their efforts to implement this idea. For users, this means: we provide easy-to-operate technical sanitary system solutions that guarantee the highest level of hygiene, durability and environmental protection.
