

Setting the standard **for sanitary tapware**

Your trusted partner in sanitary tapware
certification

kiwa

Ensuring quality, safety, and sustainability for every drop

When it comes to sanitary tapware and accessories, quality and safety are non-negotiable. At Kiwa, we specialize in testing and certifying products such as taps, showerheads, valves, and fittings to ensure they meet the highest international standards. Whatever service you are asking for, we will offer you a solution.

We are close at hand – worldwide.
