

Systamet Overview

CUSTOMIZED METAL ENGINEERING

www.systametindia.com

DESIGN DEPARTMENT

Highly qualified dedicated design engineers for designing, prototyping & development of new products. We use Cad-cam software & 3D Printing facility for quick developments.

TOOL ROOM

Fully equipped in House tool room with CNC wirecut, VMC, Spark erosion, Lathe, Surface grinder, MNTR Milling and all types of conventional machines for making forging tools, casting moulds, press tools, jigs and fixtures.

BRASS & ZINC DIE CASTING

IMR Die Casting

Capacity - 2000 kgs per day

Manual gravity die casting -1500 kgs per day

ZINC Die Casting Machine

Capacity - 88 tons to 160 tons

Capacity – 10,000 shots/Day

MILLING, TURNING & MACHINING

Vertical Milling Centre
10 nos Capacity : 2500 pcs/day

CNC Turning Centre
10 nos Capacity : 3000 pcs/day

Sliding Head - Citizen 32mm dia

**Hand Throbes, Drilling, Milling,
Multi Drilling – SPMS - 50 Nos**

TUBE BENDING & INDUCTION BRAZING

Tube Bending / Roll Grooving

5 Nos.
3mm to 30mm tube (5000 pcs / day)

Induction Brazing

Suitable for Brass to Brass Brazing
Capacity : 500 Pcs. / Day

PRESS SHOP & FORGING

Power Press:
5 ton - 150 ton.
(10000 strokes/day)

Forging Press :
150 ton to 300 ton.
Capacity : 5000 strokes/day

GRINDING & POLISHING

Manual And Automatic Grinding &
Polishing Machines - 100 nos
30000 pcs per day

ELECTROPLATING

We have the following finishes available at our Electroplating unit:

- Brass Plating
- Gold Plating
- Black Nickel Plating
- Antique Brass
- Antique Copper
- Nickel
- Chrome Plating

Capacity: 30,000 PCs per Day

PHYSICAL VAPOUR DEPOSITION (PVD)

Multi-arc ion coating equipment is an ion coating machine of efficiency, harmless and pollution free.

FEATURES:

fast deposition rate, great ionization rate, big ion energy, easy operation, large productive capacity etc

FINISHES:

ROSE GOLD	GOLD,
FRENCH GOLD	BN
CHROME	BLACK (Z-BLACK)
ZIRCONIUM (CHAMPAGNE)	

CAPACITY:

2500 Pcs./ Day

ASSEMBLY LINE

Various assembly lines suitable for faucets, shower hinges, bath accessories and other customized products.

QUALITY TESTING

www.systametindia.com

QUALITY TESTING EQUIPMENT

Metal Hardness Test

To check harness of material

Spectrometer

Spark emission spectrometer for metal analysis
available for Zinc & Brass Alloys

Mini CMM

CMM for virtually any application where
High precision Measurement required.

Project Projector

Visual profile measurement for accuracy
& repeatability which makes them the
preferred Measurement System of
Quality Control

Visual Measuring System

Sipcon's Vision Measuring Systems are known for their accuracy
and repeatability which makes them the preferred Measurement
System of Quality Control

QUALITY TESTING EQUIPMENT

Sulphur Dioxide Test

Liebisch Constanzo® Kesternich and Condensation Chamber

SO₂ testing simulates acid rain or industrial chemical exposure to evaluate the relative corrosion resistance of the coating, substrate, or part itself.

1. ASTM G87 Standard Practice for Conducting Moist SO₂ Tests
2. ISO 6988 Kesternich Testing
3. ASTM G85 Annex 4 Salt Spray/SO₂ Exposure

Salt Spray Test (SST)

Presto Salt Spray Chamber - KORROX III & Micro supreme

Salt Spray Chamber is a consistent tool useful for checking the corrosion resistance of surface coatings when exposed to salt laden environment.

Applicable Standard
ASTM B117 ASTM
G85 ASTM B368

XRay Plating thickness testing

A FISCHERSCOPE X-RAY is the ideal choice for non-destructive, contact-free coating thickness measurement and material analysis

Spectro Photo Meter

The CM-700d Spectrophotometer is a handheld, portable measurement instrument designed to evaluate the color and appearance of samples very small to large in size, including objects with flat, shaped, or curved surfaces

QUALITY TESTING EQUIPMENT

Quenching Test

Performed to find adhesion property of a coating,

Applicable Standard ASME 112 & ASTM B571

Water Leakage Test

Leak testing for Assemblies and sub assemblies. Customised to product requirement.
Ateq Leak testing for Leak detection.

Air Leak Testing

Faucet Testing

Faucet Leak testing setup customized to product requirement.

PRODUCT RANGE

SYSTA MET INDIA
CUSTOMIZED METAL ENGINEERING

www.systametindia.com

FAUCETS

ZINC HANDLES

DIVERTER & CONCEALED BODIES

DIVERTER & SMALL FLANGES IN BRASS

Material : Brass

CUSTOMIZED METAL ENGINEERING

www.systemetindia.com

DIVERTER & SMALL FLANGES IN SS

ANGLE VALVES

SPOUTS & SHOWER ARMS

SS SHOWER ARMS

Capacity – 1.50 lacs per month

BOTTLE TRAPS

PLUMBING ACCESSORIES

SHOWER HINGES & GLASS BRACKETS

GLASS BRACKETS

SHOWER HINGES

BATH ACCESSORIES

Towel Rod

Soap Dish Brass

Tumbler Holder

Soap Dispenser

Robe Hook

Towel Rack

Napkin Ring

Tissue Paper Holder

Soap Dish Brass

Soap Dispenser

Thank You
