# **UD** NCIP INC.

# 2024 Product Catalogue Bath & Kitchen

www.ncipfaucet.com

The Global Professional Faucet Supplier since 1979 Your Global Partner A Total Solution Provider

# CIP stands for "Cooperation in Peace".

As an international company, NCIP INC. has continued to grow and thrive over the years, providing high-quality services and high-quality products to customers.

### **Enterprise Management Certification**

### **Production Base**

Manufacturing Site in Jiangmen, Guangdong, China

### 1985

Started plastic injection molds as well as plastic injection parts in Taiwan and began to export plastic injection molds.

#### 1998

CIP established second factory (Giessdorf Plumbing) in China, mainly to produce hardware products, Vitreous China (Toilet), Cabinet, and became top 5 brand in China.

### 2011

Introduced a fully automatic processing system along with low pressure casting technology for an improved brass manufacturing process.

### 2015

Achieved EPA requirements "on-site plating" resulting in a long-term license renewal for plating products on-site.

### 2020 and on

Be a global faucet solution provider & an ESG company by establishing flexible design platform, upgrading overall manufacturing processes with efficient conveyor system and promoting sustainable production.

1979

### 1990

CIP made its first move into China manufacturing and established a factory names Ultrawide Plumbing Inc.

### 2009

CIP officially changed its name to NCIP INC., and its Chinese factory was renamed DAHATA INC.

Here, NCIP focused on bathroom and kitchen hardware production and established an international one-stop service for production, packaging, and shipment to countries around the world.

#### 2012

Obtained ISO 14001 certification to reduce environmental impact and recognize the importance of sustainable development.

### 2018

Implemented the SAP system to promote efficient data processing, analysis and circulation across countries and departments.

# Core Capability

### **Product Certification**

### **Factory Birdview**

• Established: 1998

• Land Area: 170,000 SQM • Building Area: 55,000 SQM

• Authorized for in-house plating under environmental regulations.

### **Core Competence**

R&D Design & Vertical Integration

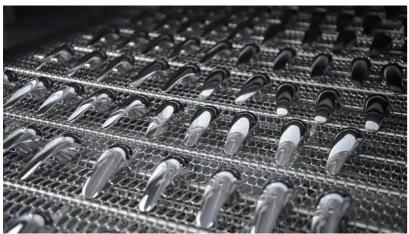

Superior Quality of Surface Treatment

## Finishes Options

### ESG is part of NCIP's DNA

# Sustainability Initiatives

Certified by ISO14001 EMS (Environmental Management Systems)

Green Medal (Highest Level) of the Enterprise Environmental Evaluation

Advanced green energy power generator and wastewater recycling equipment

# **Quality Guarantee**

# **Quality Capability**

State-of-the-art and highly efficient assembly lines, and a variety of testing machines to guarantee quality.

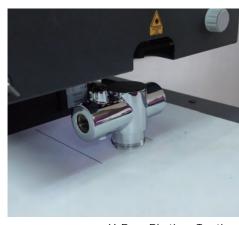

Our lab can perform faucet tests in compliance with North American standard (ASME,NSF and CSA), EU standard (like EN817 and EN274 etc.), Australian AS/NZS3718, Saudi Arabia SABER SASO, and other market standards.

Spectrometer Analysis for metal composition

3D CMM Dimention Measurement

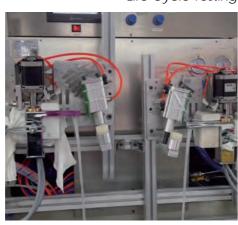

X-Ray Plating Testing

Life Cycle Testing

Salt Spray Testing

Water Pressured Testing
