È la nuova soluzione che lava, insapona, sciacqua e asciuga le mani, tutto in uno, con un disegno compatto. È un lavabo multifunzione a parete realizzato in solid surface, completo di erogatore acqua, dispenser sapone e asciugamani ad aria. Tutti i suoi dispositivi sono elettronici e temporizzati a favore di un risparmio d'acqua, di energia e di una maggiore e più facile pulizia. Il funzionamento con il semplice passaggio delle mani lo rende accessibile a tutti, pratico anche per le persone in condizione di mobilità ridotta. Può essere utilizzato come singolo elemento o come modulo affiancato per allestire grandi spazi.

It is the new solution that washes, rinses and dries your hands, all in one, with a compact design.

Multi-functional wall mounted basin made of solid surface equipped with water dispenser, soap dispenser and hand dryer.

All its devices are electronic and time-controlled to guarantee water and energy saving and easier cleaning.

The activation with the simple passage of the hands makes it accessible to everyone, practical also for the people with reduced mobility.

It can be used as a single element, or a side-by-side module to set up larger spaces.
