Innovate continuously, Concentrate on quality

Anboly For Global Use ►

WORLD LEADING SANITARY WARE SOLUTION PROVIDER

As a National High-tech Enterprise, Xiamen Anboly Group is committed to providing sanitary products that save water resources for customers globally, integrating R&D, production, sales and service. It has set up two production bases in Xiamen and Guangdong since 2006, and the area of factories are more than 60,000m². Xiamen Anboly Group is equipped with excellent R&D team and enterprise management team, and has adopted world leading precise automatic production equipments. In addition, Xiamen Anboly Group possesses industry-leading high standard test laboratories, and forms outstanding intelligent manufacturing factories, which make sure it can provide excellent service for its clients with strong guarantees.

As the world leading sanitary solution provider, Xiamen Anboly Group adheres the core concept of "Innovate continuously, Concentrate on quality". Currently, water-efficient fill & flush valves, high-quality dampers, quiet soft close toilet seats, intelligent toilets, concealed cisterns, and wall-hung cisterns are included in the company's products line. Anboly insists innovating in every project and product that make product more professional, elaborate and excellent, and makes each product has selling points, connotation, and excellent quality. Innovative A8 comfort fashionable-arc tech intelligent toilet, 25° quick reaction soft close exquisite innovative toilet seat cover, and over 120,000 times forced close lifetime damper solve the pain points of users, so as to make products more differentiated and competitive, and global users can get better experience. Xiamen Anboly Group has obtained more than 100 international and domestic patents, and is also the setting unit of National Water Efficiency Standard of Toilet, National Water Efficiency Standard of Squatting Pan, National Water Efficiency and Energy Efficiency Standard of Intelligent Toilet. Xiamen Anboly Group has gained the National High-tech Enterprise, ISO9001 International Quality System certification, Germany DIN certification, BSCI Business Social Standard certification and many leading innovation awards.

Looking ahead, Anboly adheres the developing vision of "Technological innovation, Determined to be a century enterprise", and concentrates on product innovation and quality that commits to research and develop exquisite crafted products to improve the quality of human life, and creates more selling points and value for customers.

Honors and Patents:

Germany Patent

Strong Manufacturing Capacity

Excellent products are from overriding attention to details. Anboly owns professional production workshops and precise equipments, and is committed to improve continuously, which makes every product can provide the highest value for our customers.

1. Injection Workshop
2. Hydraulic Workshop
3. Injection Workshop 2
4. Germany Imported Arburg Precise Injection Machine
5. Germany Herrmann Ultrasonic Welding Machine
6. Cistern Fittings Assembly Workshop

- 1. Rigorous Test Standard Central Laboratory
- 2. Damper Forced Close And Soft Close Test
- 3. Toilet Seat Swing Test
- 4. DIN Standard Forced Close And Soft Close Test
- 5. NF Standard Forced Close And Soft Close Test

- 6. DIN 19516 Hinge Stability Test
- 7. Dynamic Loading Test
- 8. Static Loading Test
- 9. Universal Material Test
- 10. Cistern Fittings Test Laboratory
- 11. Product Test 1
- 12. Product Test 2

INNOVATIVE SOFT CLOSE TECHNOLOGY

120,000+ Times Forced Close

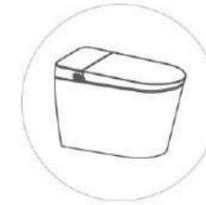

No Oil Leakage, Non Function Failure, Ultra Durable

Performance Features:

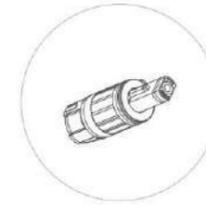

Adopting reinforced stepped shaft technology in structure, and meet 120,000 times forced close lifetime of dampers, so dampers are ultra durable without oil leakage.

National Patent: 202120398647.X

Fashionable-
ARC Seat

Freely Water
Pressure
Requirement

Intelligent Toilet Function Feature

Fashion Intelligent Knob

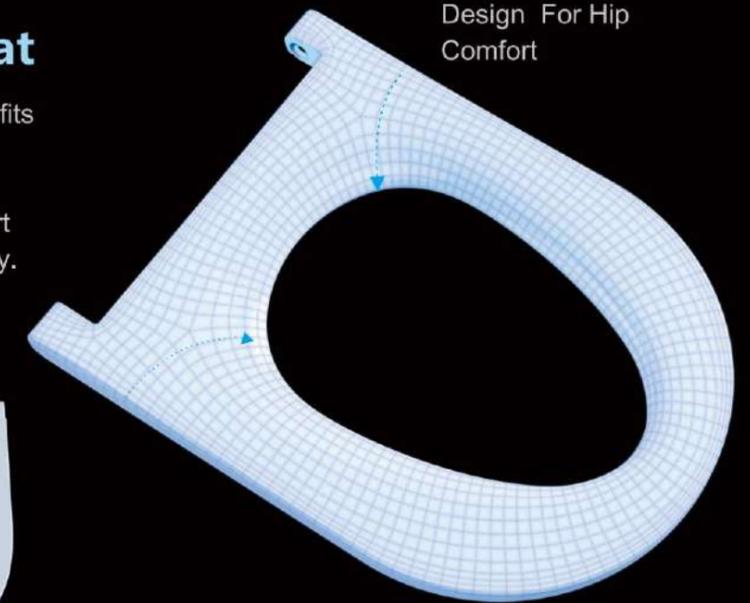

Inspired by environmental protection, rendering the natural breath, fresh & green intelligent knob can easily realize smart operation, let the users experience a neat feeling

Patented Comfort Fashionable-ARC Seat

Based on ergonomic design, seat ring fits the users' hip perfectly by collecting abundant data of weight and sitting posture for adjusting the toilet's support strength, which improves the life quality.

Design For Hip Comfort

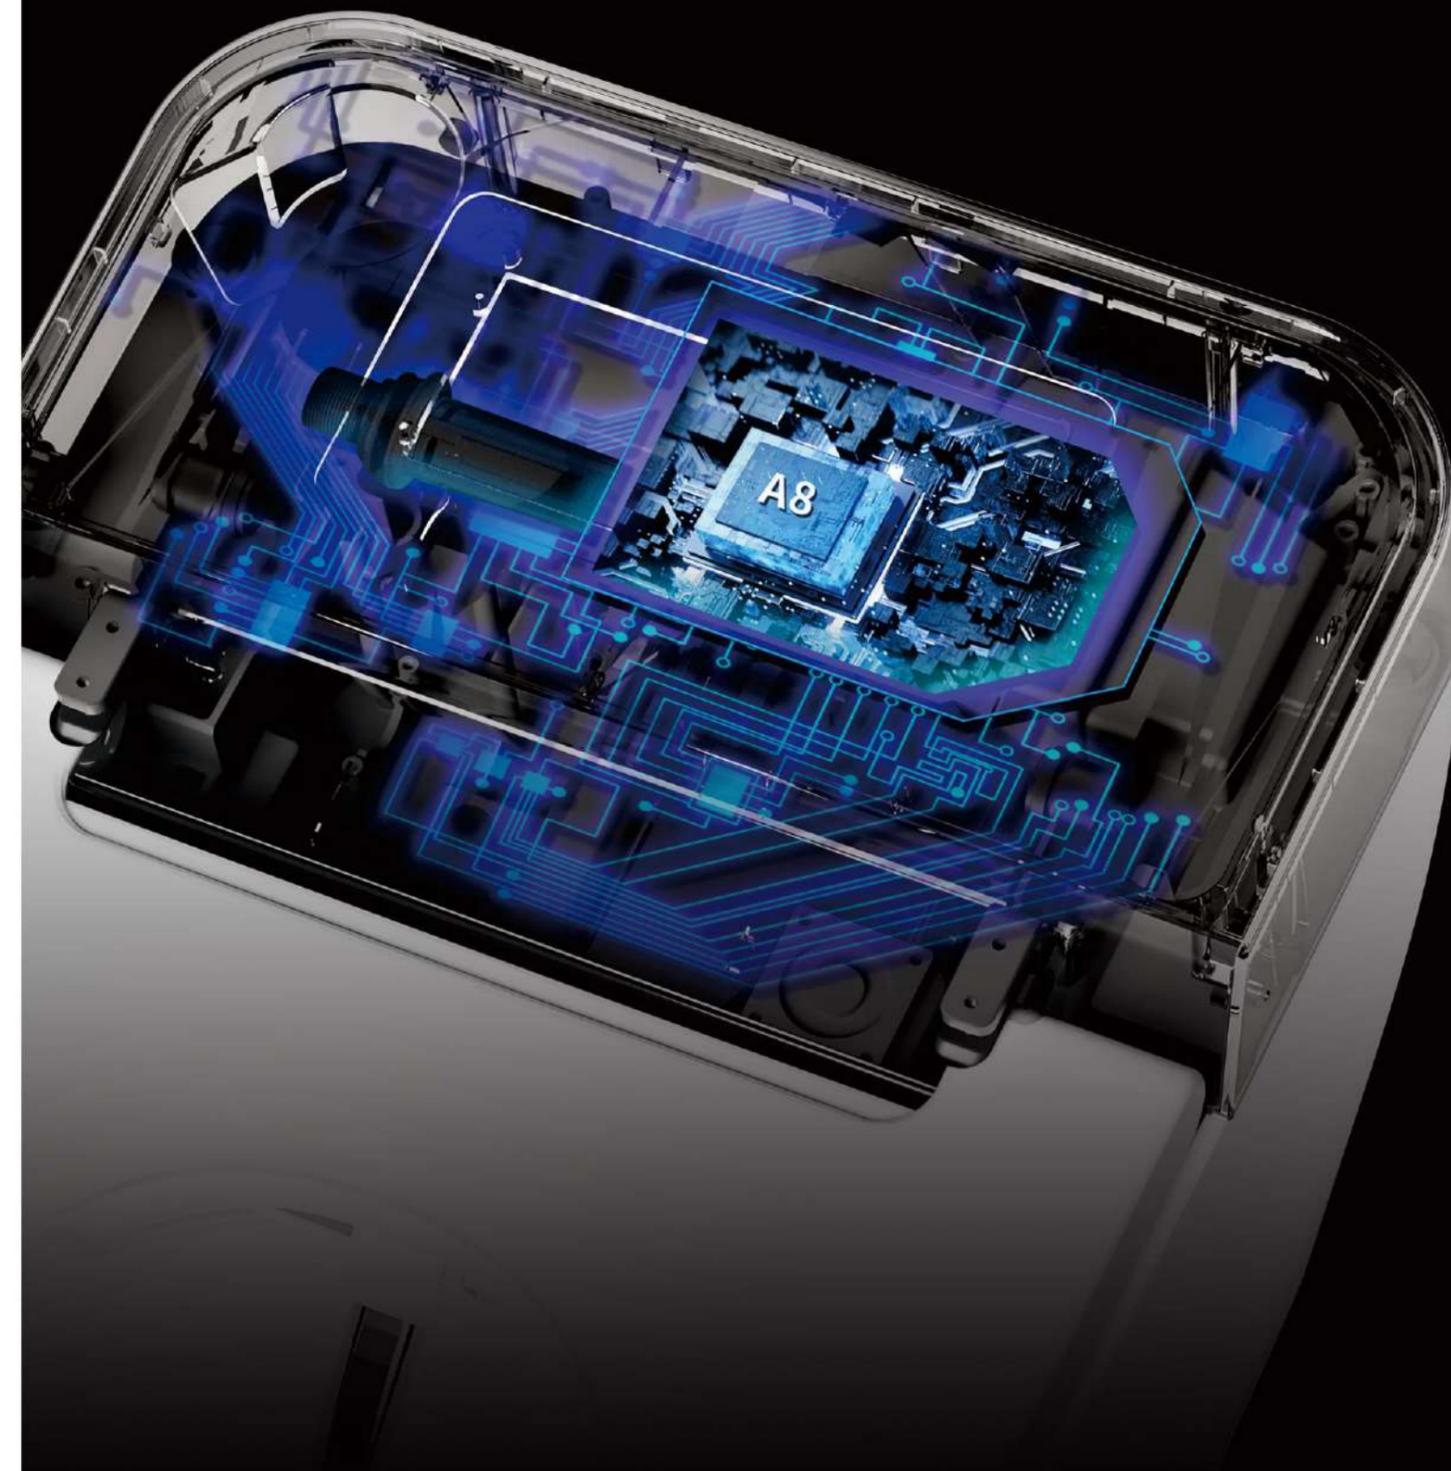

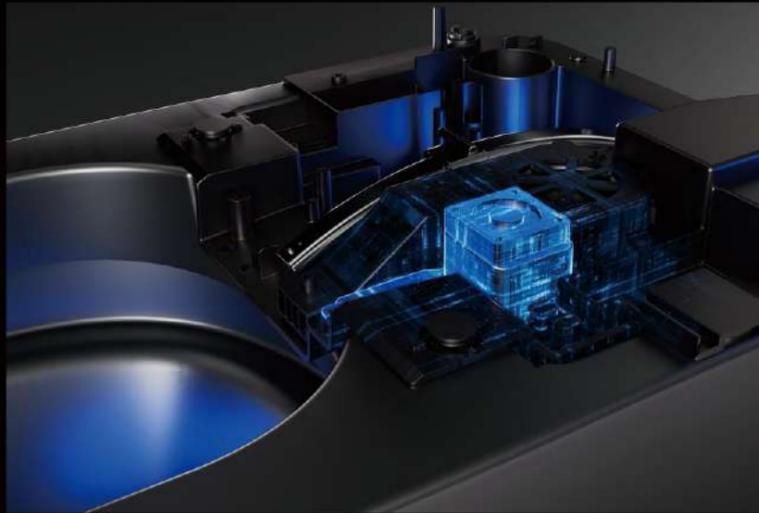

Fashionable-ARC Seat Ring

Normal Seat Ring

A8 Intelligent Control Platform

Cold Catalyst Deodorization

Cold catalyst deodorization creates the odor-free space.

Powerful Flushing System, Freely Water Pressure Requirement

This system has the function that still flush although experience water outage, and is equipped with global ultra quiet top filtration inlet valve & exclusive anti-freezing cracked cistern, which is applicable for any residences including high-rise and low water pressure area.

Shark Mouth Appearance

Innovative design makes the seat cover hard to slip out of the users' hand.

Seat Warming

Constant temperature seat with 3 grades for adjusting the temperature within ± 1 °C precise control

Warm Air Drying

Let the users have a comfortable experience

Self-cleaning & Anti-bacterial

Stainless anti-bacterial spray boom with multiple cleaning modes, which achieves 0.2s quick-heating and triple water plasma sterilization

Product Parameters

Item: Intelligent Toilet	Place of Origin: Xiamen, China
Model: A8	
Heating Mode: Instant heating	Volume Range: 4.8L
Rated Power: 1050W	Waterproof Grade: IPX4
Rated Voltage: 220V, 50Hz	Water Efficiency Grade: Second Level
Water Pressure Range: 0.07 (Dynamic Pressure)~0.8 (Static Pressure) MPa	
Executive Standard: GB 4706.1-2005, GB 4706.53-2008, GB/T 6952-2015	

Dimension: 708x405x480mm

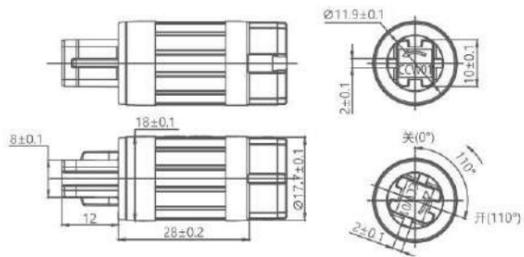

12 Security Protections :

- Flameproof Main Parts Material
- Anti-Freezing Cracked Protection
- Overheating Protection
- Anti-Siphon Setting
- Protection Against Excessive Water Pressures
- Low Temperature Scald Prevention
- Ground Protection
- Protection Against Dry Burning
- Electric Leakage Protection
- Stop Heating Protection Against Excessive Bubbles
- IPX4 Level Waterproof Protection
- Anti-Bacterial Protection

- AP8010-S1 Regular Round 16-1/2" Standard Fixation Soft Close
- AP8010-J1 Regular Round 16-1/2" With Link Panel Type

Installation Dimension: 415-425*130-150 Installation Dimension: 391-439*120.2-167

Standard Fixation Component:

American Quick Release Component:

AP8010-J1 Regular Shape Soft Close Seat Cover With Link Panel Type

PP Toilet Seat Cover

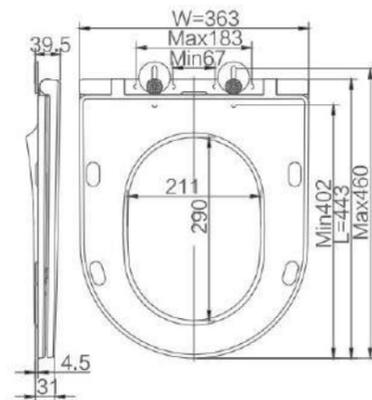

Model No:
AP8012-Q1

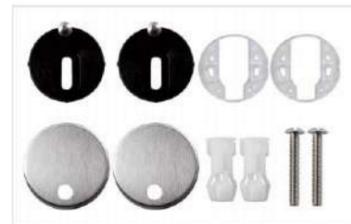

PP Toilet Seat

Core Technology: 25° Quick Reaction Soft Close Technology

1. 25° Quick reaction soft close technology
2. 120,000 Times forced close lifetime core technology
3. Germany patented one button quick release for easy cleaning
4. Comfortable ergonomic toilet seat cover without leg numb after excessive sitting
5. Exquisite crafted toilet seat cover, Gained TUV SUD DIN19516 Certification
6. Adjustable top fix hinge
7. Excellent PP material
8. Weight: 1.6KG (including accessories)

Installation Dimension: 402-460*67-183mm

Top Fix(optional SUS304 hinge)

Various painted design can be customized by personality, and suit PP toilet seat covers and UF toilet seat covers. Optional single side, two sides and three sides printing patterns.

Ultra Quiet Technology
 AG Air Gap Inlet valve
 Achieve NF class 1 standard

- ★ **China Best Quality Cistern Manufacture**
- ★ **China Professional Tank Fittings Manufacture**

Model No:ABL-2053

— 2145 —

— 2053 —

Ultra Quiet Technology
AG Air Gap Inlet valve
Achieve NF class 1 standard

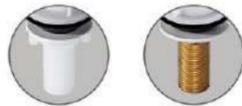

Installation height :
G1/2 Low : 239 mm
G1/2 Medium : 285mm
G1/2 High : 335 mm

The Air Gap Distance achieve 28mm
POM G1/2 shank in option
Brass G1/2 shank in option

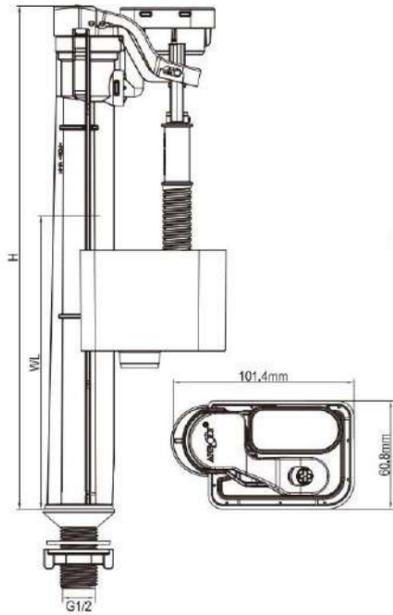

Installation height :
G3/8 Low : 285 mm
G3/8 Medium : 310 mm

The Air Gap Distance achieve 28mm
POM G3/8 shank in option
Brass G3/8 shank in option

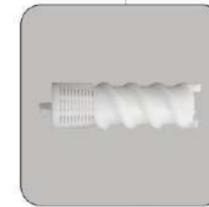

Restrict filter

Model No:ABL-2145 Bottom feed inlet

Ultra Quiet Technology
AG Air Gap Inlet valve
Achieve NF class 1 standard

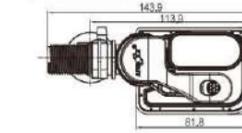

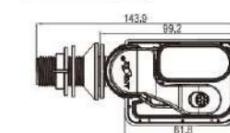

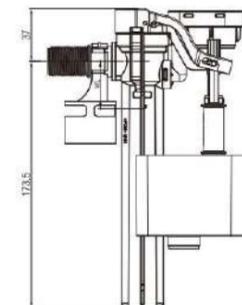

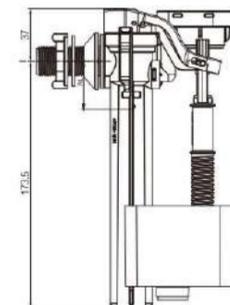

Restrict filter

The Air Gap Distance achieve 28mm
POM G1/2 shank in option
POM G3/8 shank in option

Model No:ABL-2053 Side feed inlet

Float screw rod adjustable range:
Long rod : 63-98 mm
Medium rod : 41-76 mm
Short rod : 34-67 mm

The Air Gap Distance achieve 28mm
POM G1/2 shank in option

Model No:ABL-2053 Back feed inlet

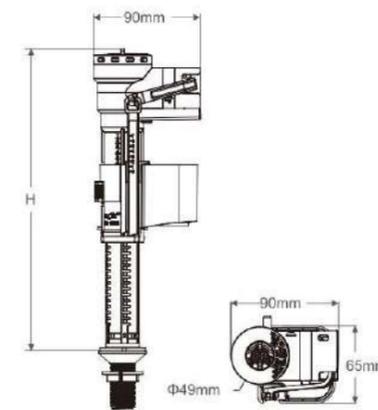

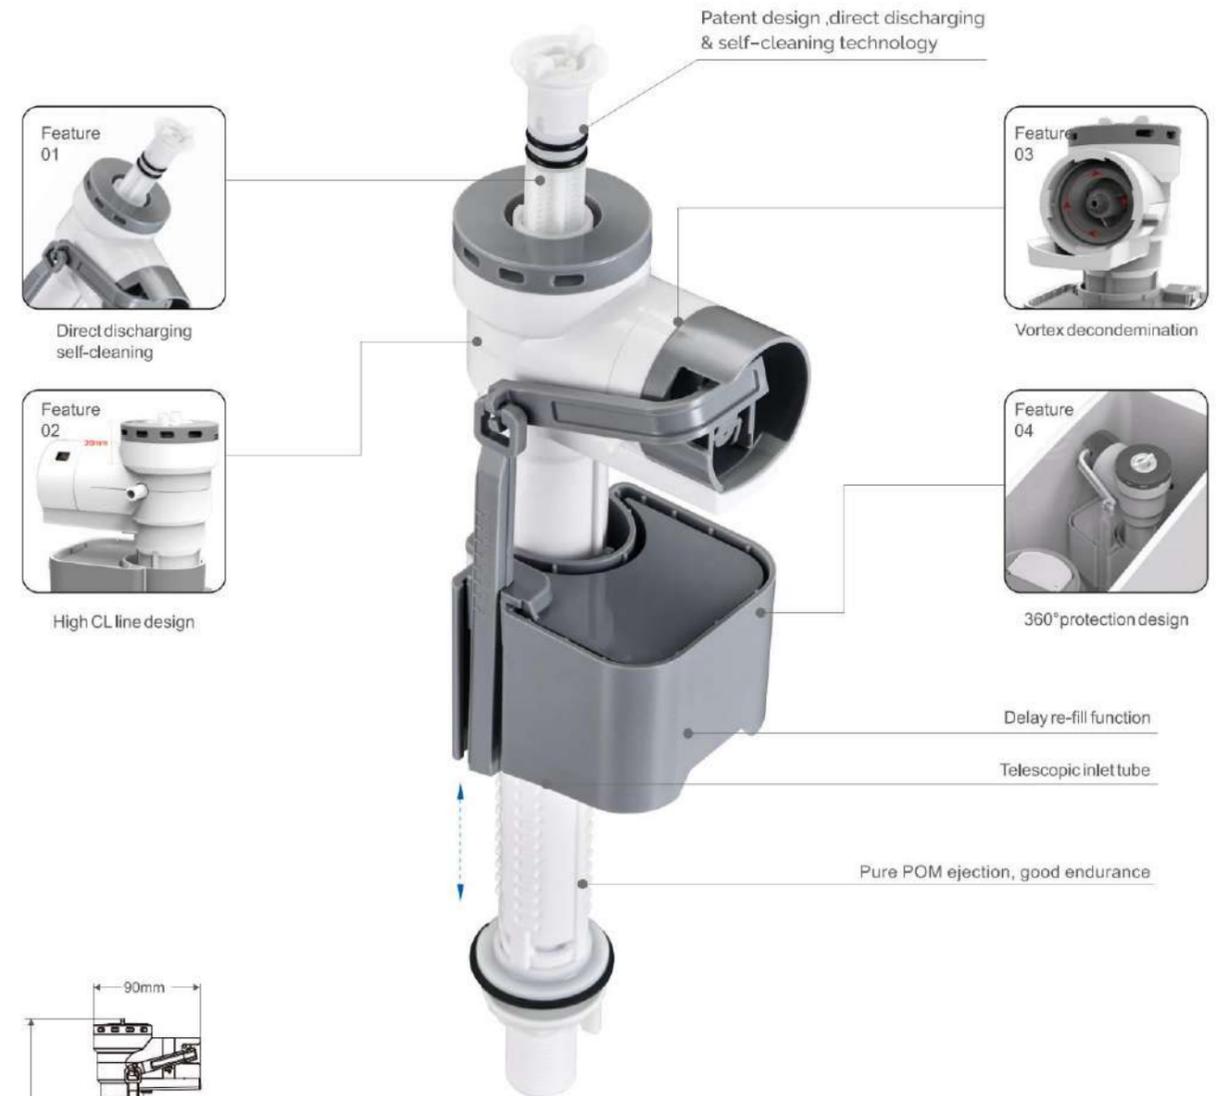

Exquisite design, ultra quiet
National standard test $\leq 39\text{dB}$,
achieve EN14124 class 1.

Rotation screw adjustable floating cup to adjust working line

Instant stop design, small occupy good for narrow cistern

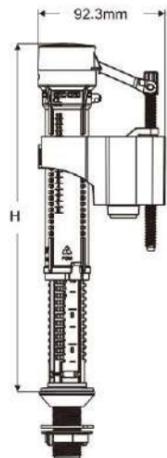

(Full flush)
The needle valve design uses the original needle valve with hydraulic pressure difference to ensure the water level is stable under different water pressures, and has the functions of silence, pressure resistance and anti-siphon

lock pin open to address floating level

Telescope tube design

Pure POM ejection, good endurance

Adoptable height:
2888(H): 255-345mm
2888(M): 206-296mm
2888(L): 195-265mm

Variable add water rate in different color plug

Optional G1/2, G15/16 POM tail

Optional G1/2, G3/8 brass tail
