Intelligent Toilet Function Feature

Fashion Intelligent Knob

Inspired by environmental protection, rendering the natural breath, fresh & green intelligent knob can easily realize smart operation, let the users experience a neat feeling

Patented Comfort Fashionable-ARC Seat

Based on ergonomic design, seat ring fits the users' hip perfectly by collecting abundant data of weight and sitting posture for adjusting the toilet's support strength, which improves the life quality.

Design For Hip Comfort

Fashionable-ARC Seat Ring

Normal Seat Ring

A8 Intelligent Control Platform

Cold Catalyst Deodorization

Cold catalyst deodorization creates the odor-free space.

Powerful Flushing System, Freely Water Pressure Requirement

This system has the function that still flush although experience water outage, and is equipped with global ultra quiet top filtration inlet valve & exclusive anti-freezing cracked cistern, which is applicable for any residences including high-rise and low water pressure area.

Shark Mouth Appearance

Innovative design makes the seat cover hard to slip out of the users' hand.

Seat Warming

Constant temperature seat with 3 grades for adjusting the temperature within $\pm 1\text{ }^{\circ}\text{C}$ precise control

Warm Air Drying

Let the users have a comfortable experience

Self-cleaning & Anti-bacterial

Stainless anti-bacterial spray boom with multiple cleaning modes, which achieves 0.2s quick-heating and triple water plasma sterilization

Product Parameters

Item: Intelligent Toilet	Place of Origin: Xiamen, China
Model: A8	
Heating Mode: Instant heating	Volume Range: 4.8L
Rated Power: 1050W	Waterproof Grade: IPX4
Rated Voltage: 220V, 50Hz	Water Efficiency Grade: Second Level
Water Pressure Range: 0.07 (Dynamic Pressure)~0.8 (Static Pressure) MPa	
Executive Standard: GB 4706.1-2005, GB 4706.53-2008, GB/T 6952-2015	

Dimension: 708x405x480mm

12 Security Protections :

- Flameproof Main Parts Material
 - Overheating Protection
 - Protection Against Excessive Water Pressures
 - Ground Protection
 - Electric Leakage Protection
 - IPX4 Level Waterproof Protection
- Anti-Freezing Cracked Protection
 - Anti-Siphon Setting
 - Low Temperature Scald Prevention
 - Protection Against Dry Burning
 - Stop Heating Protection Against Excessive Bubbles
 - Anti-Bacterial Protection
