BRASSWARE PRODUCTS

PROFESSIONAL QUALITY

Selected Material

Selected in line with excellent quality brass as raw material, with high density and purity, after electroplating treatment, bright and smooth. Choose environmental protection non-toxic silicone oil, can inhibit bacterial growth, reduce pollution.

Humanized Design

Diversified design gives the product a delicate appearance. Integrate the concept of humanization, whether the design of the handle or the way of water, are people-oriented, thoughtful. The design of the product not only represents the superb technology of coral, but also shows the wish of coral people to devote themselves to serving human beings.

Bubbler

Unique filter bubbler, water saving, noise reduction, anti splash, interpretation of soft water flow. It is convenient to disassemble and wash, and it is more comfortable. The inner wall of the professional spanner is soft silicone material, which will not scratch the bubbler.

Electro- plating

Faucet surface, after grinding, polishing, chrome plating and other high-tech surface treatment technology, the formation of a strong and effective protective layer, crystal bright, products are as fresh as ever.
